MANY VESSELS WENT DOWN IN GALE

West Indian Hurricane Did Heavy Damage to Shipping Interests.

ORANGE CROP IS HARD HIT

Communication Restored With Southern Florida Points. Few Fatalities.

TAMPA, Fla., Oct. 20.—For the first time since early Tuesday morning wire communication with the outside world was enjoyed by Tampa this afternoon, when the Western Union company established two lines to Jacksonville.

Belated reports from all nearby towns indicated there was no loss of life inland during the recent hurricane. The most serious damage in this section is to the orange crop, which will not yield more than 20 per cent.

During the height of the storm, the sloop Nabob broke loose from her moorings at Marquesas and was swept to sea. The six men aboard perished.

The American steamer Herman Frasch is ashore in three fathoms of water at Crockers reef northeast of Alligator light.

The British steamer Inventor reports having rescued six men from the schooner Marta and 10 men from the bark Hugo, both vessels being adrift in the gulf. The Inventor proceeded to Liverpool with the rescued.

More Vessels Needed.

The schooner Huron is safe but it was necessary to chop away her mast. The Norwegian steamer Fos, loaded with naval stores and phosphate from Tampa to Germany, is wrecked in quicksand at Marquesas. The schooner Vivian was swept to sea and lost. There was no one aboard the schooner Standard, which broke from her moorings at Marquesas and drifted to sea.

Passengers returning from Key West tonight say reports of damage there were exaggerated.

Washouts betwen Tampa and Jacksonville on the American Coast line make it necessary to transfer passengers and baggage by boat. The Seaboard service is uninterrupted between these two cities.

The train leaving Fort Myers for Tampa last Monday and the train which left Tampa for Fort Myers on the same day have not been heard from. It is presumed that they are safe but there is no telegraphic communication between these points and washouts prevent rescue trains from reaching them from this end.

MIAMI, Fla., Oct. 20.—Communication with the outside world was established this afternoon for the first time since Sunday, when wires went down in the midst of the West Indian hurricane. Storm losses here were not great. Reports are coming in of extensive damage to shipping all along the southeast coast of Florida.

It is reported that there are 15 washouts on the East Coast railroad, between West Palm Beach and Stewart, and it is hard to tell when Miami will have mail and train service.

Sailors Perish.

Only four deaths have been reported as the result of a storm which is said to have been the worst in the history of the Florida coast.

The schooner Harry T. Hayward,

(Continued on Page Three.)

SHAKEUP IN GOTHAM POLICE DEPARTMENT

Lawyer Succeeds Baker as Head Secret Service Man for Chief.

NEW YORK, Oct. 20.—The long expected shakeup in the administration of the police department occurred late today when announcement was made from Mayor Gaynor's office that Police Commissioner W. F. Baker and his deputies, Frederick H. Bugher and Charles Kirby, had resigned.

James C. Cropsey, a Brooklyn lawyer, was named to succeed Mr. Baker; Clement J. Driscoll, who has attracted attention recently by his activity as commissioner of weights and measures, was appointed first deputy to succeed Mr. Bugher, and Captain William J. Flynn, chief operative of the United States secret service, was made head of the detective bureau, with the title of second deputy. Mr. Flynn's appointment is in line with Mayor Gaynor's intention thoroughly to organize the detective bureau.

James C. Cropsey is [illegible] years old and is known as [illegible] lawyer. Clement J. Driscoll is [illegible] years old and before his appointment as commissioner of weights and measures was a former reporter at the city hall. William J. Flynn has made an enviable [illegible] the federal secret service [illegible] has been connected for [illegible] years old.

Uproar When Roosevelt Is Called Liar

ITHACA, N. Y., Oct. 20.—Twice in his speech tonight Prof. E. H. Woodruff, of Cornell university called Theodore Roosevelt a liar, once an "unmitigated liar."

His attack, made at a political meeting over which he presided, threw the house into an uproar. There were catcalls, hisses, cheers and clapping, with a steady shout, behind them all of "Parker! Parker!"

Judge Alton B. Parker then begged the audience to allow Professor Woodruff to be heard. The noisy part of the house complied and the rest of the evening went more quietly.

Professor Woodruff began by reopening the Bellamy Storer episode, which Colonel Roosevelt only recently declared was closed. He charged that when the colonel denied sending Bellamy Storer to the Vatican, he was "an unmitigated liar;" and there were letters in his possession, he said, to bear him out.

The uproar had barely subsided when the professor took up his cudgels again.

Roosevelt was twice a liar, he said, when he denied that the late E. H. Harriman had subscribed to a corruption fund to be used for Roosevelt's election to the presidency.

Judge Parker, who followed, directed all his shafts at candidate Stimson.

ACCUSED MEN TO BE HEARD

SUBPOENAS SERVED ON KEENE, ET AL.

Alleged Backers of Corrupt Fight Against Race Track Bill Must Testify.

NEW YORK, Oct. 20.—The legislative investigating committee begged the question this afternoon, and for the moment abandoned all attempts to find out who raised the money subscribed at Delmonico's to defeat the Hughes race track bill, where it went, or even if any money really was raised.

But elsewhere, following the stories told on the witness stand yesterday by Robert Elder, first assistant district attorney of King's county, of his conversation with former State Senator Frank Gardner, details were not wanting today.

Instead of pushing forward on the path taken yesterday, the committee turned its attention to the bridge scandal brought out in the Allds trial at Albany during the last session of the legislature. Former Senator Benn Conger, who made the charges that led to the expulsion of Senator Allds, retold the story of bribes paid to legislators.

Previous to his appearance, positive denial was made by four newspaper men mentioned in Mr. Elder's testimony yesterday that the Albany correspondents of New York newspapers had been paid money by the racing lobby. Louis Seibold of the World, Patrick R. Elihan of the Press, George Janvrin of the Brooklyn Citizen and Joseph McEntee of the Sun said they had never received a cent.

Tomorrow the committee will resume its inquiries into Gardner's tale as related by Mr. Elder of the use of $500,000 to defeat the bills.

Accused Subpoenaed.

In order that the Gardner story may be thoroughly probed, subpoenas were drawn today for James R. Keene, Harry Payne Whitney and other men, whom Gardner was quoted as telling attended the dinner at Delmonico's when the corruption fund was subscribed.

No subpoena has been ordered, however, for Charles S. Hyde, city chamberlain, who, Elder testified, also was charged by Gardner with attending this meeting, and no explanation of this omission was offered.

James R. Keene this afternoon issued a statement which anticipates a denial on the stand.

TWO KILLED, 51 HURT IN WRECK

COLUMBUS, O., Oct. 20.—Hocking Valley passenger train No. 33, northbound, was derailed one mile south of Harpster, O., at 10:30 a. m. today. Two passengers were killed and 51 persons were injured. The dead are Mrs. Mary Anna Cook, M. Bluffton, O., and an unknown woman, thought to be a Toledo nurse, aged about 25.

M. H. Brooks of Cleveland, manager of an animal show, whose stock was in a baggage car, is so seriously injured that his recovery is doubtful.

The railroad officials are puzzled to account for the wreck. The same train was derailed near Lamoyne, O., September 1. At that time as today it was traveling fast and was drawn [illegible] the engine [illegible] place.

MILLION MORE FOR Y. W. C. A.

Conditional Gift of $450,000 by Rockefeller More Than Duplicated.

WORLDWIDE EXTENSION PLAN

Workers Hold Conference in White House Ten Nations Benefited.

WASHINGTON, Oct. 20.—Contributions of one million dollars for a worldwide expansion of the Young Men's Christian association, $450,000 of which was given by John D. Rockefeller, were announced today at the conference of Young Men's Christian association workers in the east room of the White House. President Taft addressed the delegates and heartily indorsed the organization.

Mr. Rockefeller's gift, offered on condition that a like amount be raised, was met by contributions from many laymen interested in the movement, among them John Wanamaker and Cleveland Dodge of New York, who pledged for two buildings in the Levant; S. W. Woodward of Washington, $35,000 for a building at Kobe; James Stokes and an unknown donor, $100,000 for a building at Moscow; John Penman of Paris, Ontario, $50,000 for a building at Hankow, China; John W. Ross, for the Montreal Y. M. C. A., $40,000 for a building at Canton, China; Dupont Clarke, Jr., funds for a building at Bangalore, China, and citizens of Buffalo, $35,000 for buildings in Tokio. Mr. Wanamaker offered to erect another building in China, in addition to five association buildings already given by him.

Worldwide Extension.

The subject of the conference was that of extension of the movement into the far east, the near east and Latin America. More than 200 laymen from 21 states and Canada were present and were welcomed by President Taft, who gave the expansion project his earnest approval and pledged to it his active support.

Dr. John R. Mott, general secretary of the World's Student Christian federation, outlined a program for expansion. The plan involves the addition of 50 experts in the far east during the next three years to direct the policy, the erection of 49 buildings in 10 nations to provide proper equipment for such expansion, and $1,515,000 in money to cover the cost of the equipment. The countries to be benefited include the Philippines, Japan, China, India, Ceylon, Russia, Korea, Turkey, Porto Rico, Cuba and Portugal.

Major General Leonard Wood, in addressing the laymen, commended the work of the association in Havana and Manila as valuable allies in making plain the unselfish duties of America in those countries.

Among other speakers were John Wanamaker of Philadelphia, Professor Burton of the University of Chicago, Gen. John W. Foster, George W. Perkins of J. P. Morgan and company, and Melville E. Stone, general manager of the Associated Press.

Tonight the "Twenty-Four Hour a Day" club of Washington, which has to do with promoting local interest in the foreign work of the association in America, gave a dinner attended by the 150 Washingtonians who were unable to attend the White House conference.

John R. Mott presided and a series of addresses were made representative of the general work in India, China, Japan, Turkey and South America.

TESTIMONY OF CRIPPEN ENDS

Defendant Declares Wife Went Away After Quarrel Is Cool on Stand.

LONDON, Oct. 20.—Dr. Hawley Harvey Crippen faced his accusers from the witness box today. It was a dramatic moment when the diminutive figure of the American emerged from the comparative isolation of the dock and took a position where he was stared at with interest by the throng that filled the new Bailey court.

Crippen was pale, but his composure that has remained since he was first charged with the murder of his actress-wife, Belle Elmore, did not desert him. He stepped quietly but quickly into the box, and holding the Bible in his hand, took the oath calmly.

Crippen leaned against the rail of the box in a characteristic, easy attitude and gave his testimony in a steady, clear and calm voice. He told of the gradual alienation of his wife's affections until the climax was reached in a quarrel on the night of January 31 last. His wife, he said, had [illegible] of a lack of attention to Mr. and Mrs. Martinetti who had spent the evening with them. They quarreled and on the following day his wife went away.

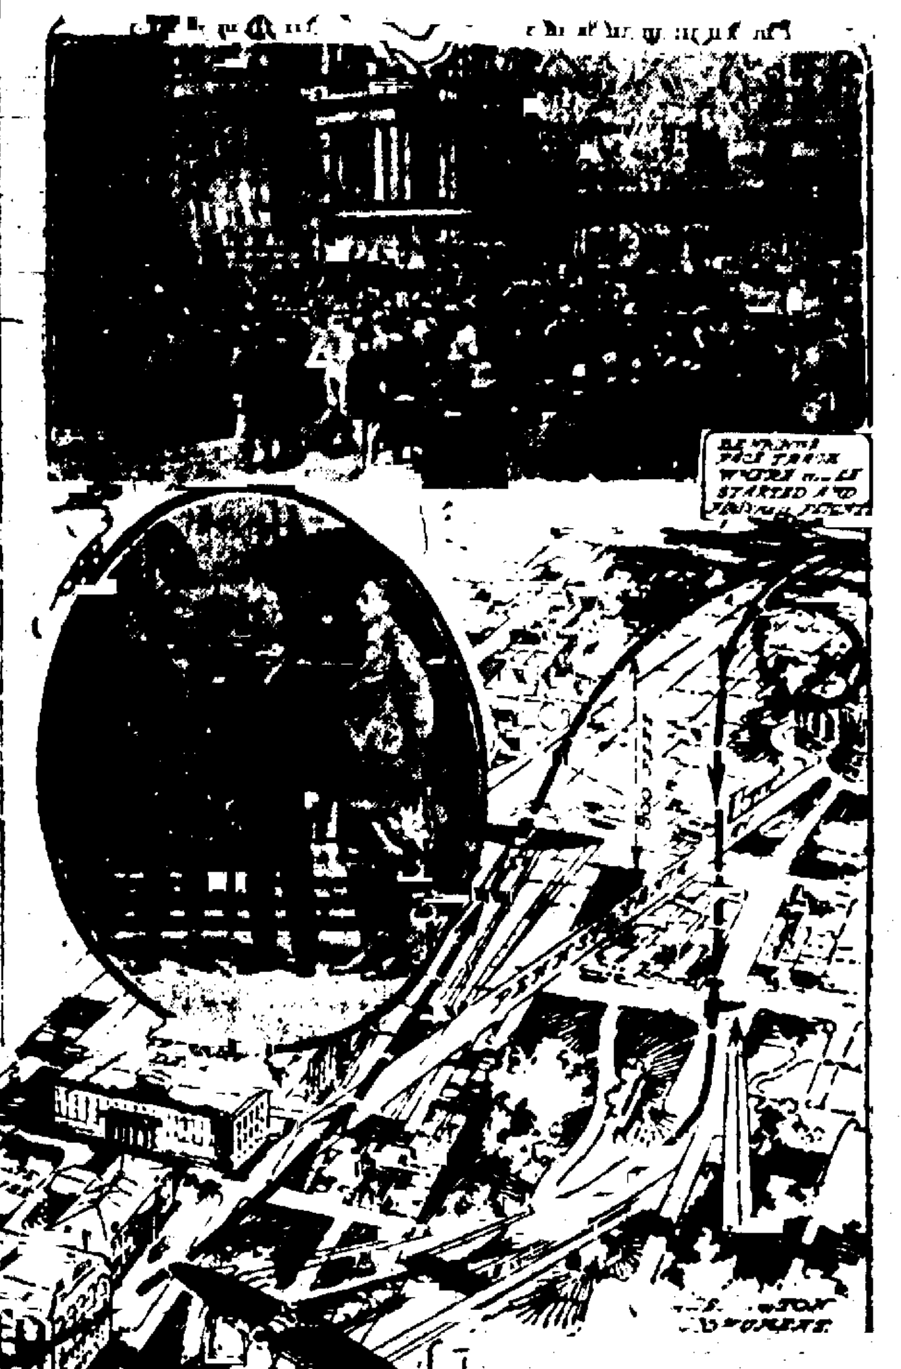

He [illegible] statement [illegible] he had founded [illegible] Montrose [illegible] and court adjourned.

TO SECURE FUNDS FOR PALMER STATUE SOON

Committee Has Important Meeting. Another Meeting to Be Held on Monday.

That every effort shall be made to secure the necessary funds and complete the erection of a statue to the memory of the late General William J. Palmer, was the sense of an important meeting of the Palmer memorial committee, held yesterday afternoon at the Chamber of Commerce. There was present at the meeting: J. A. Hayes, E. W. Giddings, R. W. Chisholm, W. P. Kinney, E. T. Ensign and William F. Slocum.

A report was read showing that over $22,000 of the $50,000 needed has already been pledged, and all those present felt that the good name of Colorado Springs is at stake in the matter, and that the work should be completed in the near future. A second meeting has been called for next Monday afternoon. At that time it is expected that Col. D. C. Dodge of Denver, a business associate of General Palmer, as well as one of his closest friends, will be present. A strong appeal will be made to secure the balance of the fund.

The above pictures were taken at the finish of the recent spectacular flight of Grahame-White, the English aviator, when he flew from the Bennings race track, outside of Washington, to the White House, landing in a narrow street. In the upper photograph the plane is shown resting on Executive avenue in front of the State, War and Navy building, a short distance from the White House. The lower picture shows Claude Grahame-White at the left with Admiral Dewey and Clifford Harmon standing alongside the machine, with a diagram of his flight.

DEATH COMES SUDDENLY TO EX-SENATOR DAVID B. HILL

ALBANY, N. Y., Oct. 20.—David Bennett Hill's life work ended, his body rests tonight at Wolferts Roost, his country home near Albany, while his next of kin, Dr. A. D. Hill, is speeding to Albany from his home in Dexter, Mo.

Dr. Hill expects to reach Albany Saturday, when the funeral arrangements will be completed. The interment will take place at Montour Falls, Schuyler county, where the former governor and former United States senator was born, 67 years ago.

Senator Hill died at 3:45 this morning. He had been ill nearly three weeks with a cold and bilious attack but his condition had not been considered serious. He was sitting up in bed to take a drink of water when he was seized with an acute dilation of the heart.

Death followed quickly with no one but a nurse at his bedside. Mr. Hill had long been a sufferer from Bright's disease, which primarily brought upon him the condition that ended in his death.

Interested in Campaign.

Although he retired from active participation in politics following the presidential election of 1904, Senator Hill was deeply interested in the progress of the present campaign. As late as last Friday he discussed the situation with Judge Parker, who was preparing to make a tour of the state in the interest of the Democratic ticket.

Senator Hill had entertained many men distinguished in state and national politics at Wolferts Roost, and his guests always found him a great host. He never married, did not smoke, and seldom tasted liquors.

Wolferts Roost, two and one-half miles from the capital, was purchased by Senator Hill in 1893 from the heirs of "Fritz" Emmett, the actor. The house, a beautiful structure with old nooks, corners and gables, stands in the midst of a 14-acre park and cost its builder a small fortune. An artificial lake, fed from springs by an immense Dutch windmill, lies between the villa and the public highway.

Flags at Half Mast.

Governor White tonight issued a proclamation requesting that the flags upon all the public buildings of the state be displayed at half mast until sunset of the day of Senator Hill's funeral, and that the citizens of the state unite in appropriate marks of respect to his memory.

"It is with sincere sorrow that I announce the death of David Bennett Hill, former governor of the state of New York," said Governor White. "This sad event marks the close of a remarkable career. For more than 30 years David Bennett Hill was a prominent figure in the public life of the state. The force of his personality impressed itself not only upon the people of New York, but upon the whole country, and at the expiration of his final term as governor he became the candidate of his party in the state of New York for the presidential nomination before the Democratic national convention. As United States senator from 1891 to 1897 he found an ample opportunity for the exercise of his skill as a parliamentarian, his brilliant powers as an orator and his uncommon gifts as a leader of men."

2,500 WILL STRIKE IN SYMPATHY TODAY

ST. LOUIS, Oct. 20.—A strike in sympathy with the Missouri Pacific railway machinists effective at 10 o'clock tomorrow, was decided on tonight by the labor leaders. Immediately following this announcement they had left the hotels, where they were stopping, supposedly to go to their respective headquarters, where the strike order may be issued.

The strike will affect the boilermakers, metal workers and blacksmiths of the Missouri Pacific and Iron Mountain, if carried out. It is said, however, to be doubtful whether the men will obey the strike order. If the order is generally obeyed 2,500 men will go out.

A statement signed by union leaders says that if the trouble on the Missouri Pacific and Iron Mountain is not speedily adjusted the unions will bring influence to bear on their members employed on other Gould roads.

BATTLES WITH FOREST FIRES TOOK 77 LIVES

WASHINGTON, Oct. 20.—Seventy-seven men heroically gave their lives in efforts to subdue the disastrous forest fires in the west during the latter part of August, according to figures given out by the forest service today. They were mostly temporary employes engaged for the purpose of fighting fires.

The bodies of the victims were buried where they were found but as soon as suitable arrangements can be made those unclaimed by friends will be buried upon national forest administrative sites. A fund is being raised by the members of the forest service for the purpose of providing the graves with simple but permanent memorials.

BOSTON AND MAINE GIVES UP POLITICS

Erstwhile Corporation Boss of New Hampshire Announces Hands-Off Policy.

CONCORD, N. H., Oct. 20.—The Boston & Maine railroad will not interfere in politics in the state hereafter, according to President Charles S. Mellen, who tonight addressed the Wonolancet club on "The Political Situation in New Hampshire."

Mr. Mellen said of the future policy of the railroad in this state:

"We will not interfere in any way with the election of members of the legislature or of other public affairs.

"We shall not devote or offer to any public officer, directly or indirectly, any consideration which shall tend to influence him in the performance of his public duty.

"We shall do away with the lobby in the sense in which that term is commonly used. We must, however, employ [illegible] present to the legislature our views upon pending legislation affecting our company."

DEAD SENATOR IS EULOGIZED

LAST RITES OVER BODY OF DOLLIVER.

Thousands Stand in Rain at Funeral—Buried in Plot He Chose.

FORT DODGE, Ia., Oct. 20.—While a cold rain fell in torrents and added gloom to the already sorrowful occasion, the body of Sen. Jonathan P. Dolliver was laid to rest in Oakdale cemetery on a hillside overlooking the city, this afternoon.

The drizzling rain, driven by a raw, cold wind, began to fall early this morning, and compelled the family to abandon the original plan of holding the services on the lawn of the Dolliver home. The funeral, therefore, was held in the Fifty-sixth regiment armory, which accommodates 6,000 persons.

Contrary elements could not keep away the devoted friends of Senator Dolliver, however, who crowded every available space in the big building. Standing outside the building, straining to catch a word of the eulogies being pronounced upon the departed statesmen, were almost 3,000 people. They crowded around the building until finally Senator Clapp of Minnesota left the services inside and went outside, making a short speech to them.

From 9 o'clock until 11 o'clock this morning the body of Senator Dolliver lay in state in the reception room of the Dolliver home. Hundreds of people there looked upon the form of the senior senator as it lay in its gray casket, banked and surrounded by floral designs. Immediately upon the arrival of the United States Senate and House committee at 1:30 o'clock, the simple services at the home, consisting of a prayer by Rev. William

(Continued on Page Three.)

Pueblo Saloonist Robbed of $1,000; Companion Jailed

PUEBLO, Oct. 20.—Dragged from their buggy just north of Pueblo by two masked highwaymen, while they were returning from a hunting trip, Max Greenstein was robbed of diamonds and valuables amounting to $1,000, after being beaten almost into insensibility, and Louis Bruno, who was with him, also claims to have lost $70.

Greenstein is a saloon man and Bruno is a bartender with a police reputation. Soon after the men told their story to the police Bruno was placed under arrest and is being held pending an investigation, as it was upon the invitation that Greenstein went on the hunting trip.

Two other suspects have also been arrested.

CUBS FALL IN THIRD GAME 12 TO 5

Chance's Machine Unable to Stop Connie Mack's Team of Collegians.

MURPHY GETS FIRST HOMER

Reulbach and McIntire Fared Worse Than Overall and Brown.

										R.	H.	E.
PHIL.	1	2	5	0	0	0	4	0	0	12	15	1
CHICAGO	1	2	0	0	0	0	0	2	0	5	6	4

CHICAGO, Oct. 20. Philadelphia came out here today and rubbed it in.

The Athletics claimed their third successive victory of the world's championship series with the Chicago Nationals to the tune of 12 to 5, and if the big pennant is not nailed to the Quaker city mast tomorrow, Connie Mack will be the most surprised, bewildered, astounded and obfuscated gentleman on the baseball map. Also dumbfounded, Captain Chance was ordered from the field in the third inning for disputing a decision.

In the three games played the easterners have pounded every assortment of curves which the entire galaxy of Chicago pitchers could offer. Only "King" Cole, so-called pitching find of the year, remains to be seriously considered by Manager Chance, and he has been held back because of his inexperience in crucial games and a belief, also, that his assortment of shoots is just what the Mackmen like.

Mack in all probabilities will furnish local enthusiasts with a view of Bender tomorrow. The Big Chief has a gory collection of Cub scalps taken in that three-hit game at Philadelphia, but his knife is newly sharpened for more.

Who will go against him is a problem. Maybe "Three-Fingered" Brown, maybe Cole, and then there are Foxen, an untried man, and Pfeffer, who has been of little use this year. It is a matter of indifference to Mr. Mack. He and his players regard the game tomorrow as a mere formality—a bit of red tape, with incidental profit, of course, necessary to guarantee title to the bunting.

Game Was a Slaughter.

The combat today was a slaughter. Big Ed Reulbach lasted just two innings, during which he allowed one single, two doubles, passed two batsmen, and saw three runs cross the plate. McIntire was the next twirler led forth for slaughter. He pitched just one-third of an inning, but that was long enough for the visitors to hammer out two singles and a home run and to send Davis to first rubbing his back where one of McIntire's inshoots had hit him. With the assistance of a boot by Schulte, four runs were scored under his beneficent reign.

(Continued on Page Seven.)

Hero of Thrilling Adventures on Sea Dies in This City

Jesse Price, 70 years old, for 20 years chief of the government lighthouse construction department on the upper Pacific and Alaskan coasts, and one of the most prominent marine engineers in the country, died yesterday morning at St. Francis hospital. He was the father of Mrs. Agnes Woodward, of 122 Colorado avenue, Colorado City, and came here a few months ago from Portland, Ore., because of failing health. In his time, Mr. Price constructed over 160 lighthouses on the Alaskan coast and had many exciting experiences in wrecks and collisions. He was the only survivor of the liner, "H. James," which foundered off the coast of Alaska in 1898. He barely escaped drowning on several other occasions.

The work of the construction of lighthouses by the government is now systematized and the efficiency of that system was accredited to Mr. Price during the last years of his life. Before he improved the service gangs of 60 men often started foundation work on the houses situated on islands, where they would be left for many months without supplies. Sometimes the lighthouse crew would be almost famished before rescuers could reach them and it was through exposure sustained in this arduous work that Mr. Price's constitution was weakened.

Before entering the U. S. Naval service Mr. Price was foreman of a large foundry in Rugley, Staffordshire, England. He left there with his family in the latter '70s, coming to Oregon. He is survived by three daughters and two sons, none of whom, with the exception of Mrs. Woodward, will be present at his funeral.

The funeral will be held this morning at 10 o'clock from the residence of his daughter, the Rev. [illegible] officiating. Interment will be in Fairview cemetery.

ELKINS SERIOUSLY ILL?

WASHINGTON, Oct. 20. Friends of Senator Elkins are not reassured by letters reaching here concerning the condition of the West Virginia statesman. According to advices the senator is constantly attended by a leading medical authority who has as advisers three other eminent practitioners that have been called into consultation more than once. Two trained nurses are constantly with Senator Elkins, according to the report, and no other persons, not even members of the family, are permitted in the sick room.

$7,750,000 for Three Buildings at Washington

WASHINGTON, Oct. 20.—A massive aquarium for the fisheries bureau, a magnificent state dining room and a comprehensive law library system are among the features of a trio of great department buildings to cost an aggregate of $7,750,000 soon to be erected in Washington under three architectural competitions announced today.

The competions are for the selection of architects of the buildings for the departments of state, justice and commerce and labor, costing respectively under the authorizations limiting the expenditures, $3,200,000, $1,900,000 and $2,650,000.

The buildings will be erected just south of the treasury building.

The competions will close December 20.

JOHN STEWART ACTING PRESIDENT PRINCETON

PRINCETON, N. J., Oct. 20.—Woodrow Wilson, Democratic nominee for governor of New Jersey, today resigned the presidency of Princeton university, and his place will be temporarily filled by John Stewart of New York, the senior trustee of the institution. The day after Dr. Wilson's nomination he indicated that he would resign as the head of Princeton.

Dr. Wilson had been connected with Princeton for 20 years, and was made president of the institution in 1902. Mr. Stewart has been a member of the board since April, 1868. The board of trustees today reported the receipt of gifts amounting to $250,602 in cash, and securities amounting to $126,500.

IMPORTANT WORK OF EPISCOPALIANS ENDS

CINCINNATI, Oct. 20.—With the appointment of five new missionary bishops and the selection of a successor to Bishop Graves of Kearney, Neb., today, the last important action by the convention of the Protestant Episcopal church probably was taken. The business sessions of the convention will conclude tomorrow noon. The most noteworthy actions of the convention during its three weeks' session have been the creation of suffragan bishops, the calling of a world's conference for Christian unity, and a movement indorsing unction to the sick for healing purposes.

EXPLORER R. E. PEARY IS NOW A CAPTAIN

WASHINGTON, Oct. 20.—Robert E. Peary, the Arctic explorer, today advanced to the rank of captain in the corps of civil engineers of the navy, by reason of the retirement on account of age of Captain N. S. G. White. Peary's leave of absence expires within a few days, but it has not been decided at the navy department where his assignment will be. Rear Admiral John B. Milton of Kentucky today was placed on the retired list on account of age. His last assignment was as commandant of the naval training station at San Francisco. His retirement promotes Captain Albert Mertz to the grade of rear admiral.

GAYNOR'S VOICE TOO WEAK TO HELP DIX

NEW YORK, Oct. 20.—John A. Dix, the Democratic candidate for governor, came to town today, and, as a result of his visit, was given definite assurance that Mayor Gaynor would make a public statement favoring his candidacy.

Asked if the mayor would make any speeches during the campaign, Mr. Dix replied:

"No; his voice is not strong enough."

ROOSEVELT CALLS DIX TRUST MAKER

NEW YORK, Oct. 20.—Theodore Roosevelt in speeches in Manhattan and Brooklyn tonight accused John A. Dix, Democratic candidate for governor, of being one of the directors in a company which aided in forming a complete scheme to accomplish the stifling of commerce—a trust against which he quoted the strictures of a judge, now a justice of the United States supreme court. From the same platform Bourke Cockran, formerly a Democratic orator, announced that this fall he would vote the Republican ticket.

HIGHWAY COMMISSIONERS ON TOUR OF INSPECTION

DENVER, Oct. 20.—Thomas H. Tully and Secretary James F. Maloney of the Colorado highway commission will leave tomorrow on a tour of inspection of the state roads now in the process of construction on the western slope. This will probably be the last trip of a like nature taken by the commission this year and the results of this inspection may have a vital bearing on the methods used in the construction of new highways in the future.

STORM SWEEPS TEXAS

WICHITA FALLS, Tex., Oct. 20.—With snow falling at Giles and Tilline and other panhandle towns and the mercury ranging from 24 to 40 degrees, a norther is general over the state of Texas today.

TUG FOUNDERS IN STORM, CREW RESCUED

BEAUFORT, N. C., Oct. 20.—The tug Alexander Jones of Wilmington, N. C., foundered at sea in the West Indian hurricane while bound from Wilmington, to Knights Key, Fla. Captain Sanders and his crew of seven men were saved by a passing steamer.

EPOCHAL CONGREGATIONAL CONFERENCE CONCLUDES

BOSTON, Oct. 20.—The National Council of Congregational churches in taking final adjournment of its fourteenth triennial convention tonight, closed what the leaders of the denomination say has been the most important conference in its history. Two decisions in particular in the opinion of the leading clerical delegates stamp the meeting as epoch making, the vote to centralize the source of denominational activity and the unusual number of affiliated congregational societies holding their annual meetings in connection with the triennial convention.

HUGHITT RESIGNS AS PRESIDENT C. & N.

CHICAGO, Oct. 21.—Marvin Hughitt, for nearly 25 years president of the Chicago and Northwestern railway, today gave up that position to become chairman of the board of directors. The board of directors after accepting his resignation at a meeting here today, elected William A. Gardner of Chicago to succeed him. Mr. Gardner was also elected president of the Chicago, St. Paul, Minneapolis and Omaha railroad.

WENDLING MURDER CASE IS REMANDED

LOUISVILLE, Oct. 20. Judge Walter Evans in the federal court today remanded back to the state court the case of Joseph W. Wendling charged with the murder of Alma Kellner. Counsel for Wendling sought to transfer the case to the federal court on the ground that Wendling being an alien is entitled to a jury one half of which shall be aliens. Judge Evans held that the state court had a right to grant Wendling such a jury but did not state whether this right is compulsory.

STIMSON'S VOICE FAILS

AUBURN, N. Y., Oct. 20.—Candidate Stimson, Republican nominee for governor lost his voice today, and was forced to stop talking while making a speech at Clyde. He was treated by a throat specialist here and later was able to address a political meeting.

COLUMBIA, S. C., GROWING RAPIDLY

WASHINGTON, Oct. 20. Population statistics for the thirteenth census were made public tonight for the following cities:

Charleston, S. C., 58,833, an increase of 3,028 or 5.4 per cent over 55,807 in [illegible]

[illegible]

QUAKE IN MAINE

CASTINE, Me., Oct. 20.—A distinct earthquake was felt in the eastern Penobscot Bay region this afternoon about 4:30, a tremor with a low, rumbling like thunder lasting about 10 seconds.

PHONEIX CONVENTION

PHEONIX, Ariz., Oct. 20. Only six propositions for articles were introduced in the constitutional convention today. One of these would create a banking commission of three members. Another prescribes a judiciary system comprising district courts with a supreme court of three members. Publication of campaign contributions before election is the object of a third proposition.

BOILER EXPLOSION KILLS SIX FIREMEN

NEW YORK, Oct. 20.—A boiler explosion killed six firemen outright, fatally wounded two others and threw 2,000 women and girls and half as many men into a panic today at the bagging and rope plant of the American Manufacturing company at Green Point across the East river.

MARRIED WOMEN

No married woman's happiness is complete without children; she yearns with the deeper longings of her nature for the joys of motherhood. But women who bear children should prepare for the coming of baby by properly caring for their physical systems. Mother's Friend is the expectant mother's greatest help. It is a remedy which preps es the muscles and tendons for the unusual strain, renders the ligaments supple and elastic, aids in expanding the skin and flesh fibres, and strengthens all the membranes and tissues. It is especially valuable where the breasts are troubled from swelling and congestion, and its regular use will lessen the pain and danger when the little one comes. Women who use Mother's Friend are assured of passing the crisis with safety. It is for sale at drug stores. Write for free book for expectant mothers.

ENTERTAINMENT OF VISITORS PLANNED

A conference of the National Association of the Collegiate Alumni of American Colleges will be held in Bemis hall tomorrow afternoon at 2 o'clock, when President W. F. Slocum will deliver the address of welcome.

Upon their arrival from Denver at 10:30 o'clock tomorrow, the delegates who are alumnae of Smith college, will be taken for an automobile ride by the Smith college women in this city, and entertained at luncheon at the Grand View hotel in Manitou. The rest of the delegates will be entertained at a buffet luncheon by the women in this city representing colleges whose graduates are eligible to membership in the A. C. A., at the residence of Mrs. Franklin E. Brooks, 1324 North Nevada avenue.

Tomorrow afternoon at 4:30 o'clock, President and Mrs. Slocum will hold a reception at which the guests of honor will be members of the association. Members of the organization residing in Colorado Springs or vicinity are asked to send their names and addresses to Mrs. W. F. Slocum, 24 College place, before tomorrow morning.

MUCH CLOTHING GIVEN TO NEEDLEWORK GUILD

An interesting meeting of the Colorado Springs branch of the Needlework Guild of America was held yesterday afternoon, Miss Sarah H. Dorsey, president, presiding. Besides the directors, there were present a number of people interested in the work. The meeting was held in the First Presbyterian church, the annual "reception of garments" being a feature of the session.

The guild was founded in 1885 by a number of women who became interested through the report of Lady Wolverton of England, with whom the work originated. Since then it has proved a help to other charities, and as a result of the meeting yesterday, there is much wearing apparel awaiting distribution today to the organizations to whom they are intrusted. They will be distributed to the representatives of the beneficiaries between 9 and 12 o'clock.

There was a short musical program. Miss Virginia Estill sang solos, accompanied by Miss Evelyn Lennox, and the Misses Lloyd played trios for violin, cello and piano.

COLLEGE ROMANCE ENDS IN WEDDING

Miss Mabel Emoline Turner of this city, sister of Charles W. Turner and Prenette W. Redding of Grand Junction, were married Wednesday evening in the La Court hotel of that city. They will make their home there. They were accompanied to Grand Junction by friends, who witnessed the ceremony. The bride is a graduate of the Colorado College School of Music and has many friends here. Mr. Redding is a former Colorado College student and is now deputy county surveyor of Mesa county.

GRIMES WISHES COLLIGAN HAD NEVER "COME BACK"

A letter received yesterday by O. P. Grimes from a man whom he has never seen was the cause of reducing his bank account $97.78. The facts in the case are as follows:

Mr. Grimes was sheriff in November, 1906, when the Bullfrog Nugget Mining company brought suit in the district court against Joseph C. Colligan, whose address was not known to the local authorities. The plaintiff was awarded a judgment for $2,500. Colligan could not be located by advertising and Sheriff Grimes levied on a block of stock held by Colligan. At sheriff's sale the stock brought $2,589, which, including costs, was $97.78 more than the judgment. Still unable to locate Colligan, the money due him was turned into the fees of the sheriff's office and as time went on the matter was forgotten.

Grimes received a letter from Colligan yesterday, dated Campton, N. H. The writer recited the details of court procedure and asked that he be paid the amount due him. A check was mailed him last night.

O. H. SHOUP SAYS FRUIT MEN DOTE ON SMUDGE POTS

Smudge pots again played an important part this year in Colorado's famous fruit belt on the western slope, according to O. H. Shoup, general manager of the Verner Z. Reed Investment company's interests, who returned from the Grand valley yesterday.

"The season was a thorough test of smudging methods," said Mr. Shoup, "because of the unusual number of late frosts. Spraying was also a necessity for a dry summer brought out more destructive insects than ever before. Prices are good, however, and on the whole the season has been a very profitable one in the Grand valley."

W. R. GOWDY AND MISS KING WED IN AMARILLO

Cards have been received in this city announcing the marriage of William R. Gowdy and Miss Bessie King on October 18 at Amarillo, Tex. Mr. Gowdy is the son of Mr. and Mrs. I. H. Gowdy of this city. He is connected with the train service on the Fort Worth and Denver railroad, with headquarters at Amarillo.

So powerful are the jaws of a wasp that the insect has been known to puncture a tin shell.

WOMEN OF MIDDLE AGE

Need Lydia E. Pinkham's Vegetable Compound

Brookfield, Mo.—"Two years ago was unable to do any kind of work and only weighed 118 pounds. My trouble dates back to the time that women may expect nature to bring on them the Change of Life. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it made me feel much better and I have continued its use. I am very grateful to you for the good health I am now enjoying."—Mrs. SARAH LOUSIGNONT, 414 S. Livingston Street, Brookfield, Mo.

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

$27,000,000 COLLECTED FROM THE CORPORATIONS

WASHINGTON, Oct. 20.—Practically all of the corporation tax, aggregating in excess of $27,000,000, has been collected by the treasury department. The officials say it was collected with less annoyance and was paid apparently with less reluctance than any other national revenue tax.

CHINAMEN IN FEDERAL PRISON FOR SMUGGLING

LEAVENWORTH, Kan., Oct. 20.—Three Chinamen were brought to the federal prison here today from El Paso, Tex., to serve 18 months' imprisonment each for smuggling Chinese across the boundary line from Mexico.

For Over Three Decades

Foley's Honey and Tar has been a reliable household medicine and the "children's children" find it today the same safe and sure remedy for all coughs and colds that their grandparents did. It is a true medicine, possesses great healing and soothing qualities, and contains no opiates and no harmful drugs. For croup and whooping cough it is a quick relief and permanent help. For all coughs and colds it is healing and soothing, does not constipate, but expels the cold from the system. It is prompt in relief and averts the danger of bronchitis and pneumonia. Mahala Stockwell, Hannibal, Mo., writing under date of August 28, 1910, has this to say about this great medicine.

"I have recently used for the first time Foley's Honey and Tar Cough medicine. To say that I am pleased with it does not half express my feelings. It is by far the best I ever used. I had contracted a bad cold and was nearly sick in bed, having a terrible headache as well as a cough and was threatened with pneumonia. I used but one bottle of your Foley's Honey and Tar and was completely cured. It beats all the remedies I ever used and I have used many different kinds."

For sale by all druggists.

MANY VESSELS

...ton, was wrecked off the reefs at Loca Ratones and three of the crew

(Continued From Page One.)

drowned. Harry T. Gosling of Ghent, Ky., was killed by falling timber at Indian Key. Scores of others are reported injured when their homes were demolished by the storm.

At Hallandale, 10 houses were demolished, leaving many homeless. At Indian Key, the Collins plantation was devastated. The workmen were gathered in a house and all were more or less injured. Twenty houses were blown down and residents were brought to Miami, Tuesday.

The damage to the crops in this section, with the exception of early vegetables, is not considered great.

The auxiliary steamer Francis E., from Nassau last Saturday, and due here Sunday, arrived this afternoon with 40 passengers. The vessel went into port at Bimini and escaped the storm. There are reports of many wrecks, but their identity and location cannot be learned.

Five Survive Wreck.

ST. AUGUSTINE, Oct. 20.—Tales of suffering and hardship were brought here today by the five survivors of the three-masted schooner William W. Converse of Philadelphia, who were rescued by a launch of the life-saving ...

Captain E. J. Miller and two of the crew were drowned when the vessel went to pieces in the hurricane Tuesday afternoon, 40 miles below this city. The two men were Charles Anderson, mate, and Frank Hayes, a seaman. Anderson succeeded in reaching the surf, near the shore, when a portion of the wreck struck him, causing his death.

Fred Miller, aged 12, son of the captain, together with three seamen and the negro steward, reached the shore on bits of wreckage, after fighting through a mile of pounding surf. The survivors are in a pitiable condition.

The Converse was bound for St. Francis, Cuba, with a cargo of coal, and ran into the hurricane off Savannah.

Smack's Crew Saved.

MOBILE, Ala., Oct. 20.—Several days overdue, the fruit steamer Belize reached port tonight, bringing seven members of the crew of the fishing smack Minnie W., out of Pensacola, Fla., which was lost at sea. One member of the crew lost his life while the work of transferring the men from the foundered smack was in progress.

KEY WEST, Oct. 20.—Via Havana.—The damage done by the storm in Key West was not so great as at first reported. Business was resumed yesterday and all the cigar factories were working today.

The constructing engineers of the east coast extension say that the work at North Knights Key has not been severely damaged. The equipment is practically uninjured, but several temporary trestles were broken down by floating debris which will prevent the operation of regular trains for a week or more. More serious damage was done to the line between Key West and Boca Chica.

The steamer City of Texas will take passengers from the stranded steamer Louisiana to Havana direct. Those now at Key West will leave on the Olivette tomorrow night. The steamer Miami will proceed to Jacksonville for mails.

DEAD SENATOR

(Continued From Page One.)

H. Spencer of the Methodist Episcopal church of Fort Dodge, were held.

The body was then conveyed to the armory. Lined from the door of the Dolliver home down to the street, were troops of the Fifty-third and Fifty-sixth regiments of the Iowa National guard. The United States senators and congressmen and the few prominent men who had come to the home then took carriages and followed the funeral procession to the armory. At the armory door when the funeral procession arrived stood more soldiers drawn up in double line and keeping the crowds back from the door.

On the stage of the armory were seated the clergy, the United States senators and congressmen, the committee from the two houses of the Iowa general assembly, all state officers and the speakers of the day.

Deceased Eulogized.

The space in front of the stage was a mass of flowers. Particularly noticeable was the huge wreath sent by the United States Senate. Into the center of this mass of flowers the casket was wheeled. The services in the armory were brief and impressive. A half dozen men, representing the church, the state, the government and the private citizens of the country, eulogized the departed senator.

Eulogies were delivered by the following:

The Rev. Charles M. Stuart, Chicago, editor of the Northwestern Christian Advocate, on "Dolliver, the Man."

Governor Carroll on behalf of the people of Iowa.

Senator Cummins as a representative of the United States Senate.

Harvey Ingham, editor of the Des Moines Register and Leader, on behalf of the press.

Judge R. M. Wright of Fort Dodge for the people of Fort Dodge.

The Rev. Robert Smylie of Sioux City for the Northwest Iowa Methodist conference.

The Rev. W. H. Spencer of Fort Dodge, on "The Senator's Relation to the Home Church."

Bishop William Fraser McDowell of Chicago, "A Fallen Leader."

Leaves Adorn Grave.

Following the services in the armory the funeral cortege again formed and filed silently toward Oakdale cemetery. At a spot on a hillside which Senator Dolliver himself had picked out for his burying place, the cortege stopped.

At the graveside statesmen, clergymen and hundreds of men, women and children stood in the rain and listened to the final service, a simple prayer by the Rev. W. H. Spencer, pastor of Senator Dolliver's church. The body was then lowered into the grave, which was banked with autumn leaves tinted a golden brown, gathered and placed there by farm hands on Senator Dolliver's farm.

PRESBYTERIAN SYNOD SESSIONS AT DENVER

DENVER, Oct. 20.—Prof. Alberto Clot, who represents the Waldsenian church of Europe in the United States and Canada, made the chief address today before the Presbyterian delegates to the thirty-ninth annual synod at the Central Presbyterian church.

Professor Clot explained the work of Waldsenian church. He said that it is one of the old reformed organizations of Europe, and is active now principally in Germany, Austria and Switzerland.

One question that received considerable attention today was whether the Colorado synod shall become self-supporting. Heretofore the affairs of the synod have been administered by the board of home missions in New York. The report of the advisory committee was presented by the Rev. H. M. McLeod. He said that the synod was not sufficiently organized to be self-supporting, but suggested that efforts be made to the accomplishment of that end.

The session today was devoted to a discussion of evangelistic work.

A million common bricks, if piled without mortar, would make a cube measuring about 40 feet in each direction.

THE ONLY ARTIFICIAL TEETH

that look natural and do the work of the natural teeth. Our Cast Aluminum Plates and our Maxillary Bridge, the most perfect substitutes for the natural teeth that modern science has produced. A century in advance of other methods. To introduce we will make our $30.00 Cast Aluminum Plates for $[illegible].00 and our $8.00 Maxillary Bridge for $4.00 for each tooth or crown.

Our new method of making artificial teeth to replace any number from one to an entire set by our Maxilliary Bridge or our Cast Aluminum plates is superior to any other. This work is in a class by itself. It costs no more than work done by old and inferior methods. When you buy dentistry, buy the best, the kind that lasts and looks right.

By modern scientific methods, we have eliminated the pain and reduced the cost. We assume all responsibility ... work leaves this office with an absolute guarantee.

For crowns, fillings and all work we will make a free examination and give you an estimate. To secure advantage in this special offer make your appointment now. The time is short and will be entirely taken by appointments.

PENNILESS AND UNKNOWN NEGRO DIES OF TUBERCULOSIS

Homeless, penniless and unidentified, a negro who went under the name of William Coleman, but stated that this was not his right name, died of tuberculosis yesterday morning at 1036 Lincoln avenue. The man came here several weeks ago for his health, and told several people a "hard luck" story. He beat his way here from Norfolk, Va., and had been living on almost nothing since he came. The body was taken to the rooms of Fuller and Boone, where it is being held for identification. There were no marks on the clothing or personal effects to show anything concerning the man's life. It is probable that he will be buried at the expense of the county.

LAWS DISCUSSED AT WOMEN'S MEETING THIS AFTERNOON

That resolutions favoring the passage of the initiative and referendum law and several other measures which will for the most part be written from the Antisaloon league viewpoint, will be passed at the women's meeting this afternoon at the W. C. T. U. hall, was the forecast made by a prominent worker yesterday. The women of the city are planning to attend in good numbers, and discussions pro and con are expected.

Mrs. Ada Roper will lead the discussion and the Rev. S. H. Cheadle will explain several laws of importance. The W. C. T. U. will hold several other meetings of this sort during the winter.

COLORADO CITY NEWS NOTES

Dr. Johnston, dentist, 616 Ex Bk. Bldg.

Fred Warner returned yesterday from a short trip to Beaver, Okla.

For genuine Rockvale Canon City Coal see C. M. Sherman exclusive agent.

D. L. Poe, clerk for the Godfrey Drug company, returned yesterday from an extended trip to New York.

Walter Rankin of Lincoln, Neb., a nephew of M. K. Rankin of 206 Lincoln avenue, is visiting his uncle for a few days.

Miss Inga Patterson a missionary to Japan, will speak at the Baptist church tonight on "The Flowery Kingdom." The public is invited.

The Woman's guild of the Church of the Good Shepherd held a social tea in the parish house last night. Several such affairs are planned for the autumn.

Mr. and Mrs. J. P. Jackson and son, Joseph are visiting relatives in Canon City. On their return trip they will visit Mr. Jackson's brother, J. M. Jackson, in Pueblo.

The Rev. and Mrs. G. C. Cress, Mrs. A. E. Eubank and Miss Eubank are expected home today from Fowler, where they have been attending the state Baptist convention.

W. S. Buckley, who was injured in a bicycle accident Wednesday, was reported getting along nicely yesterday. A dislocated hip and several bruises are the extent of his injuries.

John Ingersoll janitor of the Midland school, who received a second prize at the El Paso Horticultural society's exhibit last summer, has been given high praise by the school board.

The Newton Lumber company has begun work on a large two-story brick barn on their South Fifth street property. The barn will be used to house the company's wagons and buggies.

Pollinger and Dunbar report the sale of the residence property at 906 Lincoln avenue to Charles Smelser, from Mrs. Florence H. Wilson. The consideration is not given.

The girls' basketball team of the High school will play a match game with the Manitou school team on the latter's courts this afternoon. The cold weather caused the postponement of the game Wednesday night.

"The general health of the city is better than it has been for some time," is the statement made yesterday by City Physician G. B. Gilmore. No cases of contagious diseases are on record, and the few unsanitary conditions in the city have been removed.

The High School Tennis association has announced the following matches to be played next week. Green vs Foote and Goode vs. Dustin, at Manitou, Monday; Richardson vs Abbey and Brown vs. Wolf, at Colorado City, Tuesday; Carson vs Griffin and Bruce vs Fritsch, at Manitou, Wednesday.

AN ABSOLUTE NECESSITY

So Thinks at Least One Traveling Man

I would as soon think of starting out without my mileage books and grip as to start out on a trip without a box of Stuart's Dyspepsia Tablets in my valise, said a traveling man who represents a St. Louis hardware house. Why? Because I have to put up at all kinds of hotels and boarding houses. I have to eat good, bad and indifferent food at all hours of the day and night and I don't believe any man's stomach will stand that sort of thing without protest, anyway I know mine won't. It has to have something to break the fall and Stuart's Dyspepsia Tablets is the crutch I fall back on.

My friends often "josh" me about it, tell me I'm an easy mark for patent medicine fakers, that advertised medicines are humbugs, etc., but I notice that they are nearly always complaining of their aches and pains and poor digestion, while I can stand most any old kind of fare and feel good and ready for my work when it needs me, and I believe I owe my good digestion and sound health to the daily, regular use of Stuart's Dyspepsia Tablets, year in and year out, and all the "joshing" in the world will never convince me to the contrary.

I used to have heartburn about three times a day and a headache about three or four times a week and after standing for this for four or five years I began to look around for a crutch and found it when my doctor told me the best investment I could make would be a fifty-cent box of Stuart's Dyspepsia Tablets, and I have invested about fifty cents a month for them ever since and when I stop to think that that is what I spend every day for cigars, I feel like shaking hands with myself for I can keep my stomach and digestion in first-class order for fifty cents a month. I don't care for any better life insurance.

My druggist tells me they are the most popular of all stomach medicines and that they have maintained their popularity and success because they do as advertised. They bring results, and results are what count in a patent medicine as much as in selling barb-wire.

What the Press Agents Say

THE COMEDY HIT "SEVEN DAYS"

"Seven Days," that Messrs. Wagenhals and Kemper will present at the Opera House Tuesday night, is an up-to-the-minute comedy, dealing with New York's smart set. It is class all the way through. Fashionable folks are quarantined in a house in which a policeman and a burglar are also trapped. There is one week of uproarious fun that starts in the drawing room of a Riverside Drive house, descends to the kitchen and goes up to the roof, and is a laugh from start to finish. The New York Evening Telegram said in its review of this comedy:

"Gales of laughter swept over the Astor last night at the first performance of Seven Days,' and when the audience left the theater, their faces were shining with smiles, and their hearts were big with gratitude to Mary Roberts Rhinehart and Avery Hopwood who wrote the sparkling comedy. See Seven Days and laugh."

Players who appeared in the piece at the Astor theater, where it has run into its second year, will act it here, and the production will be exactly the same as the one on Broadway. Of all the theatrical announcements of the season that of 'Seven Days" will surely create the greatest interest, for this is the leading comedy hit of 20 years.

Seats will be on sale Saturday. Prices are 50c, $1, $1.50 and $2.

AUSTRALIAN TRIO AT MAJESTIC ENTERTAIN

Two very pretty and graceful young women and a man who attends to the comedy part make up the De Monaco trio of Australian contortionists, whose act is one of the features of the Majestic show this week and their feats in putting themselves through small rings while in various postures and under difficult circumstances are decidedly entertaining. Nothing more skillful in this line has ever been seen here, and the act is enlivened by some laughable, mute comedy.

Instrumental music of rare excellence is offered by Mr. Davey and Miss Everson who are experts on the oboe and cornet and their specialty includes also a couple of songs and some comedy dialogue.

The program includes three other strong acts, George DeVoy and the Dayton sisters in a singing and dancing specialty, Maybelle Baker, in charming vocal selections, and the Romanos brothers in statuary and muscular posing also two sets of comic motion pictures and the concert orchestra program. It is a varied billing, and one that is proving popular.

The Demon of the Air

is the germ of LaGrippe that breathed in brings suffering to thousands. Its after effects are weakness, nervousness, lack of appetite, energy and ambition with disordered liver and kidneys. The greatest need then is Electric Bitters the splendid tonic, blood purifier and regulator of Stomach, Liver and Kidneys. Thousands have proved that they wonderfully strengthen the nerves build up the system and restore health and good spirits after an attack of Grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by the Hefley Arcularius Drug Co., 21 South Tejon St.

FLORENCE ROBINSON, IN "SEVEN DAYS."

A Comedy By Mary Roberts Rhinehart and Avery Hopwood Which Will Be Seen at the Opera House Tuesday Night

News of Local Courts

P. Lloyd was fined $2.50 and costs in police court yesterday for riding a motorcycle on the sidewalk.

Margaret A. Hutton was granted a divorce in the district court yesterday from L. A. Hutton. Cruelty was alleged in the complaint. The couple were married in Hutchinson, Kan., in October 1895. The suit was not contested.

St. Stephen's free sewing school has reopened for the winter. Applicants will meet at the school, corner of Monument and Tejon streets tomorrow morning.

A floating drydock, with a lifting power of 17,000 tons, which is being built in England, will be towed to Bermuda when finished.

KILL THE GERMS

Thats the Only Way to Cure Dandruff, and Parisian Sage is the Only Killer

"Parisian Sage," said a New York barber "will kill the destructive and persistent germs of dandruff, and abolish the disease. There may be other remedies that will do the same, but I never heard of one."

And just read what one of the foremost barbers of Springfield, Mass., says of Parisian Sage:

"Dear Sirs. I used your Parisian Sage and found it better than any other. It is the best hair restorer I ever used, and I have used them all. I find it a great dandruff remover also. You should get it into all the barber shops and get the barbers to use it, as it is great!" Geo. A. Stiltz, 73½ Main street, Springfield, Mass.

Parisian Sage soaks into the scalp, and when it reaches the roots of the hair it not only kills every dandruff germ, but it supplies the hair with just the right kind of nourishment to put vigor and strength into it and make it grow.

Parisian Sage is the most delightful hair dressing in the world. Use it one week and you will never give it up.

Parisian Sage is guaranteed by the Robinson Drug Co. to cure dandruff, to keep hair from falling, to stop itching scalp or money back. Price 50 cents a large bottle at the Robinson Drug Co. or express charges prepaid from the American makers, Giroux Mfg. Co., Buffalo, N. Y. The girl with the Auburn hair is on every bottle.

If cleaning

your watch meant increasing its efficiency and its accuracy and extending its life you'd say, "clean it," wouldn't you?

It's a very easy matter to forget just how long it has been since you last had your watch cleaned. A year or more passes before you realize it.

Your watch should be cleaned and oiled once each year. It's a good investment that more than repays you in the increased accuracy and life of your watch.

Here you get the best cleaning that it is possible to give a watch at one dollar and a half.

We can tell you in a minute just what your watch needs and charge nothing for the examination.

STEPHEN, ORR, AND STEVENS MAY SPEAK

The committee on arrangements for the big Republican rally to be held in Temple theater October 27, is putting in its time trying to secure an unusually good list of speakers. While there is nothing definitely decided, the speakers' list, if possible, will include Senator John B Stephen, candidate for Governor, Judge James A Orr and I. N. Stevens, candidate for congressman-at-large. The coming of these men depends upon the speaking dates made for them by the state central committee. As announced yesterday, the principal speakers will be Congressman Duncan E. McKinlay of California and Clyde C. Dawson of Denver.

It was announced yesterday that the hall will be especially decorated for the occasion; flags, bunting and cut and plant flowers being used.

Much enthusiasm is being displayed by the Republicans, and because of this great interest it is believed the theater will be crowded. Music will be furnished by the Elks band of 21 pieces.

MORE REPORTS OF BIG REGISTRATION

Reports of the first day's registration in the country precincts, which was held last Tuesday, are being received by the county commissioners. The indications are that the vote outside the city will be heavy at the election. The next registration day in the country precincts is on November 1, and while there will be another day on which voters can register with the aid of two witnesses—the day before election—party leaders are sending out an appeal that everyone register on November 1.

In Colorado City, where the registration started Tuesday, and closes tomorrow night, a large number of names are being enrolled. On the first day 150 people registered. Wednesday the registration was lighter, owing to the bad weather, but yesterday it was reported to be picking up again.

ANNOUNCEMENT

The management of the Everhart Bachelor Apartments, corner of Tejon and Bijou streets, announces that the apartments will be conducted from now on for both ladies and gentlemen.

Special low rates will be made for the winter. Those desiring clean, comfortable, thoroughly modern rooms should phone the management, 556.

FOREST FIRE FEAR REMOVED BY SNOW

With a heavy coat of snow covering a greater part of the mountains near Colorado Springs, officials in charge of the water system are relieved of the apprehension of forest fires. The blanket of snow has moistened the shrubbery and has wet the falling leaves, so that they will not drift so easily.

Yesterday morning, shortly before 6 o'clock, the thermometer fell to 19 degrees above zero, this being the minimum temperature for the day. At 6 o'clock last night the glass registered 23 degrees above zero, but later in the evening it fell several degrees.

Reports received here yesterday were to the effect that the snow storm was general over the county.

LOCAL MEN TO TAKE AUTO TRIP TO SOUTH AND WEST

Walter DuBree, president of the El Paso Sheep company, whose ranches are located about 30 miles east of this city and M I Madden, clerk of the Alamo hotel, leave this morning on an automobile trip through the southwestern part of the state. They are making the trip both for pleasure and business, and expect to be on the road about a week. They will travel in Mr DuBree's machine a Hupmobile.

From this city they will proceed to Salida, thence to Alamosa, Monte Vista, Trinchera, Trinidad Pueblo and back to this city. Although some heavy snow is reported from the portion of the state they will traverse, the two men expect to make the entire trip with the automobile in the time they have allowed themselves.

YOUR STOMACH TROUBLE WILL END FOREVER

Take a Little Diapepsin Now and Your Stomach Will Feel Fine Five Minutes Later.

If your meals don't fit comfortably, or you feel bloated after eating, and you believe it is the food which fills you, if what little you eat lies like a lump of lead on your stomach, if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure Indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your Stomach of poisons, excessive acid and stomach gas, which sours your entire meal—interferes with digestion and causes so many sufferers of Dyspepsia, Sick Headache Biliousness, Constipation, Griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapepsin will cost fifty cents at any Pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that Fermentation and Sour Stomach is causing the misery of Indigestion.

No matter if you call your trouble Catarrh of the Stomach, Nervous or Gastritis, or by any other name always remember that a certain cure is waiting at any drug store the moment you decide to begin its use.

Pape's Diapepsin will regulate any out-of-order Stomach within five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you eat.

MARTIN SAYS DEEP INTEREST PREVAILS

That there is a deep and real interest throughout the state in the coming election in November, despite the fact that registration is lighter, is the belief of Congressman John A. Martin of Pueblo, who was a visitor in Colorado Springs yesterday. Mr. Martin has visited many cities and towns in the state, and as a result is in a position to know whereof he talks.

He reiterated his stand regarding the initiative and referendum, which he favors. He thinks, however, that with the recall there would be little use for the initiative and referendum.

[illegible]

For the Cripple Creek trip leaves 10 40 a. m. Gets back 6:05 p. m.

LOCAL MEN ARE AT MINING GATHERING

The Colorado chapter of the American Mining congress is to hold another meeting in Denver today. It is expected that the gathering will be attended by prominent mining men from all parts of the state, the principal object of the meeting being to discuss the heavy mining tax that has been in force for the last eight years and to outline action looking to a reduction of the levy imposed. A number of Colorado Springs mine owners will attend.

The revenue law objected to was passed in 1902, when Colorado mining was in its most prosperous condition. Throughout the state the production was enormous, with nearly every camp experiencing a boom. For the purposes of taxation, mining was placed in a class by itself, and, according to mining men, a levy which amounted to a heavy burden was placed on the industry. The Colorado congress takes the position that not only has the 1902 revenue bill caused a material dropping off in mining activities, but that the valuation of other property and other industries is not in proportion, that live stock is greatly underassessed. Interest in today's meeting is general throughout the state.

DEMOCRATS TO BE BUSY COMING WEEK

Plans for a second big Democratic rally in Colorado Springs are being made. The meeting will be held November 2, with Congressman John A. Martin of Pueblo as the principal speaker. While the arrangements for the meeting are not complete, it will probably be held in Temple theater.

Next week will be a busy one for the Democratic candidates on the county ticket, as several meetings in the county have been arranged. The first will be Monday evening, October 24, at Ramah. The following evening, Tuesday, there will be a meeting at Calhan. The principal speakers at these meetings will be L. W. Cunningham, former Senator Mark A. Skinner and Martin Burns, nominee for state senator from this district. The other Democratic candidates on the county ticket will also be present and make a few remarks.

THE ACACIA HOTEL

(European plan) is offering beautiful, modern rooms at greatly reduced rates for the winter. It is the newest and most desirably located hotel in town. The cafe is first-class and prices reasonable. Inspection cordially invited. W. O. Brinker, Mgr.

HOME WILL BE LOCATED ON BIG ARVADA RANCH

State Lodge I. O. O. F. Closes Meeting at Cripple Creek With Election of Officers.

D. C. Cummings of Florence was yesterday elected grand master of the Colorado grand lodge, Independent Order of Odd Fellows, at the annual meeting which closed last night at Cripple Creek. The other officers selected to serve for the ensuing year are J. E. Snooks, Greeley, deputy grand master, O. A. Jackson Denver, grand secretary, C. W Erdlen, Salida, grand treasurer, J. M. Norman, Denver, grand warden.

Denver, through the combined strength of the Odd Fellows of Denver Colorado Springs, Golden and eastern slope lodges won the contest for the location of the state home. By a vote of 105 out of a total vote of 183 delegates, the proposition of C A. Higby of Arvada Colo offering his ranch of 40 acres, was accepted.

On the ranch is a well-constructed house of six rooms equipped with hot and cold water and baths. The water supply for domestic use is taken from a well 350 feet deep by means of a power plant, while the ranch carries 30 inches of water right in the Farmers High Line Canal and Reservoir company and is located within a short distance of coal mines and the railroad lines of the Colorado and Southern and Moffat roads. The electric line between Denver and Golden passes within a mile of the ranch house. A lake that may later be stocked with bass or other game fish, is situated within the boundaries of the property. The price quoted was $15 000. The cost of the institution, exclusive of the site which is given free, will be about $50 000, the money for the purpose having been on hand in the treasury of the order for several months.

Denver was selected as the meeting place for the grand lodge in 1911.

FIRST SOCIAL SESSION OF ELKS ON OCTOBER 26

Members of B. P. O. E. lodge No. 309 are preparing to enjoy themselves at the first social session of the season to be given on Wednesday evening, October 26. Among other things on the program are refreshments, dancing and a vaudeville program. It was first announced that ladies were invited, but it is now stated the session will be purely a stag affair.

It is probable that a dinner will be given within a short time in honor of the people who assisted the Elks with the big Ozone show a few months ago.

SPECIAL ENTERTAINMENT AT Y. M. C. A. TONIGHT

A special entertainment for all visitors and friends of the association as well as members of the boys department will be given tonight at the Y M. C. A. A program of gymnasium events and two races in the pool with three contesting teams will be held.

Mail Carriers Trust This Watch

No wonder! On rural route or city route, it gives them the right time to the fraction of a second. Promptness in delivery counts for a clean record and promotion, so why shouldn't such an accurate, reliable timekeeper be a favorite?

Every mail carrier ought to own one! No weather conditions can affect its accuracy. No jar or jolt will change its even running. No dampness can get into the works.

It combines all the good features any carrier needs—and it is sold at a moderate price.

UNION MEMORIAL SERVICE CHRISTIAN CHURCH SUNDAY

A union memorial service when the men and women of this vicinity who were leaders and pioneers in the early days will be remembered, will be given at the Christian church Sunday afternoon as one of the series of revival meetings which Evangelist Snively is conducting. The Rev. Mr Snively addressed a large audience last night on the topic of the "Smothered Jewel." In the talk the evangelist explained that, although the conscience was efficient it was not sufficient and that the Bible was the only source of efficiency and sufficiency.

J. T. BROWN BUYS HOME FROM W. C. WHITTHORNE

Through the Morath Investment company W. C. Whitthorne has sold his residence at 1018 West St. Vrain street to John T. Jones. Mr. Jones, who is a coal operator from Walsenburg, is so pleased with Colorado Springs that he has engaged in business here and buys the Whitthorne property for a home, which he and his family will occupy at once.

Worse Than Bullets.

Bullets have often caused less suffering to soldiers than the eczema L. W. Harriman Burlington, Me. got in the army and suffered with, forty years. City Briefs

DR. H. L. RRICHARDSON has moved his offices to 406 Colorado Bldg.

DANCING School tonight Majestic Hall, private lessons by appointment.

M'KINNIE A GRANDFATHER—Word has been received here of the birth of a son to Mr. and Mrs. Robert McKinnie of Dania, Fla. Robert McKinnie is the son of J. R. McKinnie, the well-known mining man and capitalist of this city.

CATTLE CARS DERAILED—The derailment of six cars loaded with cattle at the foot of Ninth street in this city delayed traffic for several hours on the Colorado Midland road yesterday morning. The track was torn up for a considerable distance. None of the cattle was injured.

COTTAGE MEETINGS—The following cottage prayer meetings will be held this morning in connection with the Christian church revivals: Mrs. Amanda Holmes, 610 South Cascade avenue; Mrs. B. B. Coonrod, 425 East Dale street; Mr. and Mrs. E. S. Gowen, 12 North Chestnut street; Miss Minnie Tremain, corner of Weber and St. Vrain streets.

PERMIT ISSUED—A permit was issued from the city engineer's office yesterday to Dr. James T. Muir to make additions and improvements at his residence 611 North Tejon street. The work contemplated will cost $1,000.

CONFESSES, GETS DEATH SENTENCE IMMEDIATELY

JACKSON, Ky., Oct 20.—Charles Little today confessed the assassination of Matthew Crawford here yesterday. He requested an immediate trial because of his fear of mob violence. Accordingly, he was taken into court, sentenced to death by a jury which was out six minutes, and then hurried to Lexington for safekeeping. Crawford's friends were attending his funeral when this happened.

GROUNDED LAKE BOAT SINKS; CREW IS SAVED

CALUMET, Mich., Oct 20.—The steel steamship Mormand of the Jones and Loughlin line which went aground off Eagle river Tuesday evening broke amidships today and filled with water. The crew was taken safely to the mainland. The boat weathered the high sea last night without trouble and did not part until the water became calm today.

Athletics Win Third Straight Game

CUBS FALL IN THIRD GAME WITH AMERICAN CHAMPIONS

(Continued From Page One.)

The bright particular stars of the ay were Coombs, Barry and Murphy. Coombs allowed only six hits, passed our men, and contributed a two-agger and a single, which added three uns to the Philadelphia collection. Barry his as if there were another automobile in sight. Also he figured in ouble plays. He made three hits, ach one a double, drove in two runs, nd reached the counting station three imes.

Danny Murphy Stars.

It remained for Murphy, however to lectrify the crowd His first noteworthy exploit was to smash the ball ver the heads of the right field overflow crowd into the regular bleachers or four sacks, driving in two runners head of him. At the time he did not now how far the ball had traveled nd stopped after covering the two ases allowed under the ground rules or hits into the overflow. Umpire O'Day waved to him to come in, which e did, with half the team slapping im on the back.

The hit was more than a run counter for it figured largely in the expulsion of Captain Chance from the rounds. Chance, joined by most of is men, surrounded O'Day in an endeavor to persuade him that the rules ade all hits into the crowd at any oint or distance, doubles. The arbiter ould not see it, and when the Cub eader sought to prolong the argument rdered him from the field. Archer, rdinarily a catcher, replaced him at he initial station.

Murphy's next sensational exhibition earned him an ovation. He ran back fter what Zimmerman had marked or a double, jumped on the barrier n right field, grasped the ball with is finger nails, fell over backward nto the crowd, and presently emerged with the trophy still safe. Meanwhile Sheckard, thinking that there were wo out, or that Murphy could not possibly have captured the drive, spun round the bases. He awoke at third o find he had been doubled at first.

Sheckard Purposely Passed.

Sheckard faced Coombs four times nd all but once was allowed to walk. He brought two runs across the plate nd fielded his position without a flaw. Both of Schulte's hits were doubles. Tinker made three hits, one of which was a two-bagger. His fielding was ot up to his stick work, however, two rrors being charged against him. He egotiated the only stolen base of the ay

The brand of weather furnished constituted an [illegible] long chedules. Early in the morning it ained and when this shower passed mist-like drops fell during much of the ame. A chilling wind came from the northwest and the sky was so overcast that spectators had difficulty in eeping track of the ball.

There were 4,000 persons in line when he sale of general admission tickets egan, and when the turnstile count was completed it was announced that 6,210 persons had paid for their admission to the grounds. The stands were filled at noon, many of those resent munching away at lunches and rinking coffee, which was hawked bout the stands in little tin buckets. Many interesting expedients were tried o secure tickets for persons who did ot care to stand in line themselves.

The experience of a messenger boy, ired by the hour, is typical He was rdered to secure 12 tickets regardless f cost. He went on duty at 11 o'clock ast night and was among the first o secure the four tickets allowed to a ingle purchaser when the box office pened. By special construction of the icket booth and the use of guards, purchasers were compelled to enter the rounds immediately upon buying heir tickets. This was to foil scalpers. The boy gave up one ticket and mmediately emerged with the remaining three in his possession to get a fresh place in the line. Both times e was able to purchase positions at 5 each from other boys who had been olding their places for just such a peculation. It took him four trips to ecure the desired admission cards

An extraterritorial incident of the game occurred in Judge Scanlon's court. The judge, having ascertained that the members of his jury were more interested in the game than in the case at bar, sought to right matters by having the score by innings read to them by a bailiff. This worked well until news of the defeat of the locals came in.

Some of the jurors looked so melancholy that the court dismissed the panel for the day, explaining that under the circumstances it seemed impossible for the jury to spare enough attention from the game and its result to hear any more evidence.

An even worse outlook for the weather tomorrow was held tonight when a special baseball forecast was issued More rain, colder and general gloom was its embodiment, expressed in the following.

"Friday—Continued unsettled. Probably rain in the morning. Cold and misty during the afternoon

Summary: Two-base hits—Shulte, Barry, 3; Coombs, Tinker, Davis, Hofman. Home run—Murphy. Hits—Off Reulbach, 3 in 2 innings; off McIntire, 3 in 1-3 inning; off Pfeister, 9 in 6 2-3 innings. Sacrifice fly—Hofman. Sacrifice hit—Lord. Stolen base—Tinker Double plays—Zimmerman to Tinker to Archer; Barry to Collins to Davis; Murphy to Davis. Left on bases—Chicago, 4; Philadelphia, 7. First base on balls—Off Reulbach, 2 (Strunk, Davis); off Pfeister, 1 (Thomas); off Coombs 4 (Sheckard 3, Beaumont). Hit by pitcher—By McIntire, 1 (Davis). Struck out—By Pfeister, 1 (Strunk); by Coombs, 7 (Chance, Schulte, Steinfeldt, Hofman, Zimmerman, Archer, Kling) Passed ball—Thomas. Time—2:07 Umpires O'Day behind the plate: Sheridan on bases; Connolly in right field: Rigler in left field. Attendance—26,210.

The Game in Detail

Strunk given base on balls. Strunk went to second on Lord's sacrifice bunt, the latter out. Reulbach to Chance Sheckard took Collins' Texas leaguer. Strunk scored on Baker's single to center. Baker out stealing, Kling to Tinker. One run.

Sheckard walked. Schulte doubled into center overflow crowd, Sheckard going to third. The ground rules allow only two bases into the overflow crowd. Sheckard scored on Hofman's single to Strunk, Schulte taking third. Chance struck out. Zimmerman's high fly fell into Strunk's hands. One run.

Second Inning.

Davis was passed on four pitched balls. Murphy grounded out, Steinfeldt to Chance, Davis going to second. Barry doubled into the left field crowd, scoring Davis. Thomas lined to Schulte, Barry was held at second. Barry scored when Coombs hit for two bases into the right field crowd. Chance and Reulbach conferred, Kling joining. Reulbach resumed. Strunk went out, Zimmerman to Chance. Two runs.

Steinfeldt popped to Barry. Tinker doubled down right field foul line. Kling went out, Baker to Davis, Tinker taking third. Beaumont batted for Reulbach. Beaumont walked. Sheckard also walked, filling the bases. Tinker and Beaumont scored when Schulte hit for two bases to left. Hofman struck out. Two runs.

Third Inning.

McIntire went in to pitch for Chicago Sheckard made a running catch of Lord's long fly A fine rain began falling but the game was not stopped. Steinfeldt was barely able to check Collins' sharp hit which was a safe one Collins scored when Schulte let Baker's single pass him. Baker made third on the error. Davis was hit by a pitched ball and went to first Murphy knocked a home run over the screen into right field bleachers Baker and Davis scoring ahead of him Chicago's entire field gathered to insist that under ground rules Murphy's hit should merely have been a double The protest availed them nothing Chance was ordered off the field for continuing his protest. Archer taking his place at first Pfeister replaced McIntire in the box Barry knocked the first ball pitched into center field crowd for two bases Barry scored when Thomas hit to Tinker and the latter threw badly to Archer Thomas was doubled at second on Coombs' hit to Zimmerman to Tinker to Archer Five runs

Archer went out Baker to Davis Lord captured Zimmerman's fly Steinfeldt struck out No runs

Fourth Inning

Strunk flied out to [illegible] sent a clean single to right [illegible] Collins [illegible] Lord at second Pfeister to Zimmerman [illegible] Collins [illegible] Kling to Tinker No runs

[illegible]

play disposed of Tinker and Kling. Barry to Collins to Davis. Pfeister out, Baker to Davis. No runs.

Fifth Inning.

Baker was retired, Zimmerman to Archer Davis lined safely to left. Murphy sent a long fly to Hofman Barry forced Davis at second, Tinker to Zimmerman No runs

Baker fumbled Sheckard's bunt and the latter was safe. Schulte fanned, Sheckard and Hofman were doubled, Murphy to Davis, Murphy having taken Hofman's fly, when Sheckard apparently thinking there were two out, kept on running No runs.

Sixth Inning.

Thomas grounded out, Tinker to Archer Coombs hoisted an easy fly to Zimmerman Strunk missed three good ones No runs

Archer hit in front of the plate and was out Thomas to Davis Zimmerman struck out Baker took care of Steinfeldt's foul fly No runs

Seventh Inning

[illegible] made a neat one handed [illegible] of Lord's liner Steinfeldt speared Collins hot grounder and threw the [illegible] out at first Steinfeldt immediately afterward fumbled Baker's grounder and the latter was safe Davis smashed a single to right, Baker reaching second. Tinker fumbled Murphy's sharp grounder filling the bases. Davis and Baker scored on Barry's double to left. This was Barry's third double Thomas walked, again filling the bases Murphy and Barry crossed home plate when Coombs singled over second. Strunk singled too hot for Tinker's stab and the bases again filled Lord hit to Zimmerman, who tossed him out at first. Four runs.

Tinker out, Baker to Davis. Kling retired, Barry to Davis, Pfeister struck out. No runs.

Eighth Inning.

Schulte gathered in Collins' fly. Baker retired via the Zimmerman-Archer route Davis hit for two bases unassisted by ground rules. Murphy was thrown out by Tinker. No runs.

Sheckard took a free trip to first. Schulte lifted a fly to Murphy. Hofman hit too hot for Baker, who slowed up the ball, and it turned into a two-bagger. Archer fanned Sheckard scored on a passed ball. The ball hit the railing and under the ground rules also Hofman scored. Murphy jumped into the crowd in right field for a sensational catch of Zimmerman's heavy wallop Two runs.

Ninth Inning.

Barry fouled out to Kling. Thomas out to Archer, unassisted. Coombs singled to center Hofman misjudged the fly in making a pickup of it. Strunk was retired, Zimmerman to Archer. No runs.

Steinfeldt flied to Strunk Tinker singled to left Kling struck out. Tinker stole second Needham, who batted for Pfeister, sent a fly to Baker. No runs

A Part of the Big Crowd That Saw the Tiger Team Off for Salt Lake City Yesterday for the Game With Utah Tomorrow

There was football spirit in this town yesterday when the Tiger team embarked for Salt Lake City. Football was in the air, not only around the college campus, but all along the line of march from Palmer hall, where the parade formed, to the Denver & Rio Grande station, where a special car was at the disposal of the eleven that is going west to tame the Mormon crew tomorrow.

It was a demonstration of enthusiasm, a display of confidence in the coach and his team, which sent the players westward with the feeling that perhaps, after all, there were some left behind who really wished them well, and who hoped for a victory on Saturday. It was a novelty here, perhaps, but in no other town where there is a college and a football team to see an eleven [illegible] on the first stage of its journey by a long line of howling, singing and cheering students. And it is hoped that the same big crowd, augmented by hundreds more, will meet the team, win or lose, upon its return home.

Football fever was in the air long before it was time for classes at Colorado College yesterday morning. It invaded the girls' dormitories and then spread among the faculty. President Slocum quickly fell a victim to the epidemic, and in less time than it takes to tell, the order was issued that all class work for the forenoon was off. The announcement was received with a roar of approval from the collecting crowd of students and echoed by the co-eds.

A Tiger mascot, manipulated by a pair of active young men, headed the procession down the street, followed by a tally-ho bearing the team and drawn by a hundred willing hands Students, co-eds, President Slocum, Dean Parsons and other members of the faculty were right in line, and everyone was singing and shouting at the top of his or her voice.

D G. Patterson of the Rio Grande's city ticket office, had arranged for a special Pullman to Salt Lake and accompanied the squad. Souvenir menus, done in orange and black and tied with the college colors, were handed around the car when the train pulled out. A tiger, embossed in colors, ornamented the cover, while the inside pages contained the names of the players and their positions and some of the college yells, in addition to the breakfast, luncheon and dinner menus.

Hundreds of students draped themselves on cars at the station and cheered the team until the train bore them out of sight.

It was a send-off that did full credit to Colorado College, and one that it is hoped will be repeated every time the eleven starts on a trip or returns after a game. Coach Rothgeb liked the show of enthusiasm, the team to a man appreciated it, and more of the same kind of medicine won't do any harm.

The Tigers will go into the game tomorrow knowing that back in Colorado Springs there are hundreds who will eagerly await the outcome of the contest. The team is keyed up to fighting pitch and ready for the whistle Utah is strong and fast; she will give battle on her own ground, and before a sympathetic crowd, but the Tigers constitute the better team. And it will be surprising tomorrow night if the wires do not carry the story of a Tiger victory

Terrors and Sailors Tomorrow

The Terror football team went through its last hard practice last evening in preparation for tomorrow's game at Washburn field with the Las Animas Sailors.

This afternoon Coach Coffin will put both elevens through a long signal drill, followed in the evening by a blackboard examination, so that every player will know just what he is expected to do tomorrow, and how he is to do it

For their opening scheduled game, the Terrors have taken on a team that promises to give them a hard fight, and they will have to play football from start to finish to break even with the heavier eleven that the Sailors will send to Colorado Springs. The game will start promptly at 3 o'clock, and a big crowd is expected to turn out for the event

Yesterday's rally at the High School auditorium was one of the most enthusiastic yet held, and it is probable that the entire student body will be on hand tomorrow afternoon to [illegible] the Terrors in their opening game. Already there is a good demand for tickets, and indications are that the attendance will be unusually large

Coach Coffin has his football machine running as smooth as clockwork, and while the Terrors will go against a heavy handicap in the matter of weight, Captain Cheese and his men believe they will be able to handle the Sailors in their customary clever manner.

GREAT CROWDS AT KETCHEL'S FUNERAL

GRAND RAPIDS, Mich., Oct. 20.—St. Alderbert's Polis Catholic church was crowded to the doors today when the last rites were performed over the body of Stanley Ketchel, the murdered middleweight champion pugilist. The body was escorted to the city from Ketchel's farm home near Belmont, ten miles from Grand Rapids, by a delegation of Elks and a large number of friends.

SPRINGFIELD, Mo., Oct. 20.—A fund of $1,300, to be used in the defense of Walter A. Dipley, who is in jail at Marshfield, Mo., charged with the murder of Stanley Ketchel, has been raised by the slayer's relatives, according to an announcement made here today

An unsigned letter received here today from New York stated that the writer would be able to furnish some information bearing on the case if desired. The writer said D. P. Dickerson, to whom the letter was addressed, would remember him. Dickerson believes Ketchel was the victim of a plot to murder him. Dickerson said Ketchel had enemies in New York.

PHILADELPHIA FANS BLOCKADE STREETS

PHILADELPHIA, Oct 20 The news from Chicago that the Americans had taken the first game from the Nationals on their own grounds, thus giving the Philadelphia team its third straight victory in the world's championship series, was received here with wild entuhsiasm

Downtown streets in the vicinity of newspaper offices and other places where the game was reported were crowded and mounted police had to be called upon to keep the streets open for travel

Seats for a game on Saturday, if one is necessary and it is played here were put on sale today and the demand was as great as for the first two games Hundreds of people stood in the rain waiting their turn to purchase Only four tickets were sold to each person If no game is played the money will be refunded

OLDEFILD-JOHNSON RACE TO BE RUN TOMORROW

NEW YORK, Oct. 20.—The proposed automobile race between Barney Oldfiled and Jack Johnson the negro champion pugilist at Sheepshead race track today was postponed on account of rain until Saturday afternoon.

BALLOON MEN MAKE NEW RECORDS

ST. LOUIS, Oct. 20.—Col. Theodore Schaeck, piloting the Swiss balloon Helvetia, which started in the international race Monday, landed at Ville Marie, Pontiac county, Quebec, late this afternoon, according to a message received by the Aero club of St. Louis tonight.

Ville Marie is about 1,100 miles northeast of St. Louis. This is not thought to be the balloon sighted at Kiskisink, Canada, 1,200 miles from St. Louis, today. If the report of that balloon is authentic, it makes the international race started here the most remarkable in balloon annals.

The other three balloons, which are believed to have reached Canada and landed, are the Swiss balloon Azure, Lieutenant Messner pilot: the German balloon Dusseldorf II, Lieut Hans Gericke pilot, and the America II, Alan R. Hawley pilot.

Lieut. Leopold Vogt, pilot of the Hamburg III, which landed in Lake Nipissing, Ontario, Tuesday night, describes graphically in a telegram his trip and his sudden landing He and his aide, William Assman of St. Louis thought they were about to recross Lake Huron when they decided to land. In his telegram he said

"We reached Lake Huron Tuesday afternoon at 4 o'clock and were across it at 6 o'clock. Then we were driven back again.

"The wind changed and the next we saw was the water of Lake Nipissing which we believed was Lake Huron Not having enough ballast to cross this big lake, we made all arrangements to cut loose the basket if necessary The we decided to come down.

"We were about 6,000 feet up so we had to let gas out of the bag intending to light on land, but we landed in the water close to Gull island Lake Nipissing, where we had to fight two hours in the water, swimming and towing the balloon to shore We were rescued by two Indians, Peter and Alexander Commando, at 10 o'clock, but it was quite a while before the Indians would come near us, as they thought the moon had fallen into the lake. However, they took us off the island and up to Nipissing village, where we received the kindest treatment from the citizens

"I have a tug now going to pick up the balloon and load it on the Grand Trunk at Callander. I expect to start tonight at 11 o'clock for Toronto. Next week I will sail for home in the Germania. My chum, Herr Assmann, had one arm broken and was badly cut. He has left for St. Louis"

KEOGH RETAINS TITLE

SYRACUSE, N. Y. Oct. 20.—Jerome Keogh, the pool champion, won over Bennie Allen of Kansas City here tonight by taking the third round of a 600-point match The final score was 600 to 426.

NEW CHOLERA CASES

ROME, Oct. 20.—During the last 24 hours 16 new cases of cholera have developed in Italy. Eleven deaths from the disease occurred during the same period.

PENNSYLVANIA LINES

New York

18 Hours from Chicago
24 Hours from St. Louis

"The Pennsylvania Special" leaving Chicago every afternoon a quarter to three arrives New York 9.45 a. m. (Eastern time), making the trip in 18 hours.

"The 24-Hour New Yorker" leaving St. Louis daily 6.00 p. m. arrives New York 7.00 p. m. (Eastern time), making the trip in 24 hours.

Yet these trains don't run at uncomfortable speed, for they go the short way to New York.

Both represent the very utmost in modern-day railroading.

Pennsylvania Station in New York City
To be Opened Nov. 27th, 1910
Occupies two entire blocks and fronts on Eighth and Seventh Avenues, and on Thirty-first and Thirty-third Streets. Main entrance is one block from Broadway and New York's business center.

GEO. T. HULL
District Agent
907 Seventeenth Street
DENVER
will furnish complete and reliable travel information. Sleeping car berths reserved in advance and valuable assistance given travelers free of charge.

The Empire of the West

It took Lewis and Clark just one year and six months to go from the Missouri River to the Pacific Ocean.

Not quite fifty years ago the Union Pacific Railroad was launched and began its triumphant march of progress across the continent.

Today the Union Pacific makes possible this eighteen months' journey of courage and hardship in just three days, attended with every comfort and safety known to modern travel.

The Union Pacific has been the primal factor in laying the foundation of progress and prosperity in the States through which its tracks are laid.

The railroad has been, and is today, the basic business of our day and generation, on which all other enterprises and interests must rest and through which they are given movement, activity, energy and life.

In the matter of industrial development the interests of the public and the Union Pacific are identical.

If the Union Pacific is not prosperous, will the great and growing country it serves continue to prosper?

Think it over.

FRIDAY, OCTOBER 21, 1910.

A VICIOUS REGISTRATION LAW.

THE closing hours of the extra session of the Legislature were marked by the passage of two laws so thoroughly iniquitous that they ought to have the effect of bringing to an abrupt end the public career of every man who had a hand in their making. These are the registration bill and the railway commission bill. The first was enacted at the behest of the resuscitated "Big Mitt" gang in Denver and the second in obedience to the corporation mandate. Several days ago we discussed the effect of railway passes on the consciences of legislators, and we expect to have something further to say on this subject in the light of the latest demonstration of the potency of free transportation.

Most people who have been in Colorado long enough to be familiar with its recent political history will recall the election frauds committed in Denver some six or eight years ago by the "Big Mitters," or "Big Mitt" organization. To a considerable extent the frauds were made possible by an exceedingly lax registration law, which permitted the retention on the registration books of a "permanent list" of persons who had voted at the previous election. Provision for purging the lists was so inadequate that it was next to impossible for the people who wanted honest elections to secure the elimination of thousands of fraudulent names.

The result was that the Democratic Big Mitters regularly carried the Denver elections by the most outrageous frauds, and by piling up enormous majorities in Denver were able to overcome pluralities honestly won by the Republicans in other parts of the State. It was thus that they elected Speer mayor of Denver. It was thus also that they elected Mr. John F. Shafroth, now Governor, to a seat in Congress from which he afterward resigned about fifteen minutes before the time set for his ignominious expulsion, thereby winning for himself the doubtful sobriquet of "Honest John." The situation became so bad that the Supreme Court was forced to assume jurisdiction in an election and issue wholesale injunctions against the commission of frauds, but even this did not suffice to end the practice until a number of the Big Mitters had been sentenced to jail.

MAKING FRAUD EASY. Finally the Legislature enacted a new registration law providing for a separate registration for each election. This law, which is still in effect, is a source of considerable complaint because of the trouble of registering anew for each election, but at least it prevents many of the frauds which were openly encouraged by the old law. But now the Democrats, acting at the dictation of the Speer machine, have virtually re-enacted the old registration law and thereby not merely made possible but inevitable a repetition of the election thievery of the good old days.

The new law does not merely encourage fraudulent registration, it places well-nigh insurmountable difficulties in the way of preventing the voting of fraudulent names after they have been placed on the registration list. To begin with, it provides that instead of making a house-to-house canvass the registration boards shall sit at a designated place in each precinct which the elector must visit in order to get his name on the list. This provision does not make so much difference in small cities, but in Denver, where there are thousands of rooming houses, it greatly simplifies fraud.

For instance suppose the proprietor of a disreputable rooming house wants to register fifty voters from his place when there are only ten. If the registration board actually visits the house its members have a chance to see whether as many as fifty people could live there but it is a different matter when the floaters merely have to go to a designated registration place to get fraudulent names placed on the lists. This is one of the ways in which the new law encourages fraud.

But this provision is innocuous compared with the clever scheme whereby the authors of the law have made it well-nigh impossible for the advocates of honest elections to secure the removal of fraudulent names from the list. There is a provision that anyone who challenges the registration lists must deposit with the clerk of the court $1.50 for every name challenged, this sum to be forfeited if the charge is not proved. He must also deposit $1.50 a day to pay each member of the registration board which investigates the case.

Let us see how this would work in Denver. There are 222 precincts in Denver which means that if it were apparent that wholesale registration frauds had been committed and challenges were made in each precinct as was done a few years ago, the challenger must first put up $1 [illegible] a day for each of the two members of the registration board in each precinct. [illegible] be [illegible] limited in advance [illegible] the [illegible] registration committee. It is entirely possible that the process of purging the [illegible] at least five days or perhaps [illegible] the sum required [illegible] be understood that this money is not merely de-

posited with the court and later refunded to the challenger, it is actually paid to the registration committees and the challenger gets none of it back.

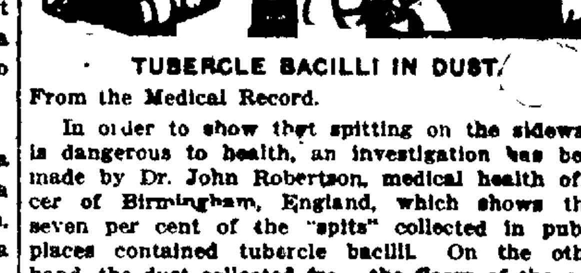

DIFFICULTY OF PURGING LISTS OF FRAUD. But this is only the beginning of the expense and trouble. The challenger must also deposit $1.50 for every name challenged. In Denver there is always a change of from 5,000 to 6,000 names in the registration lists every two years due to deaths, removals etc. It was proved beyond doubt in the Big Mitt operations six years ago that the Speer gang added at least this number of fraudulent names to the list. Suppose the same thing happened again, as it certainly will under the new law. Anybody who tried to prevent the voting of these names would be compelled to deposit $7,500 with the court before he could make the 5,000 challenges. This sum, with the $3,330 necessary for five days' pay of the registration board, makes a total of $10,830 with which an honest election league would have to provide itself before it could even begin an effort to secure an honest election in the city of Denver alone. If the process of purging the lists required only five days $3,330 would be sufficient; if more time was consumed it must be paid for at the rate of $666 a day. Honest election workers do not usually have so much money to spend.

Of course there is a reasonable probability that a part of the fund of $7,500 put up for challenges would be returned, for many of the names certainly could be proven fraudulent. But the law provides a convenient loophole to prevent the detection of padding, and thus lessen the probability of the challengers getting their money back. The scores of downtown rooming houses in Denver, most of them utterly disreputable, are directly under the thumb of the Speer machine. It has only to give the tip, through the police, to the rooming house keepers, not to reveal any information to inquirers concerning the registration from such house, and that source of information is shut off to the challengers.

WHAT WILL GOVERNOR SHAFROTH DO? The registration law, as it now stands, is the work of Senator Billy Adams, and his lieutenants, Senators McCue and Irby, the latter Mayor Speer's secretary and henchman. These men appear to have deliberately set to work to draft the most vicious registration law possible, a law which will render the honest conduct of an election so difficult that the Big Mitt operations of a few years ago can be repeated without hindrance. Fortunately one chance of escape from the evil effects of this measure remains to the people. Governor Shafroth has not signed it, and it cannot become a law without his signature except after thirty days. It happens that some sort of registration law must be substituted for the present one in order to make the primary law effective, but it can very well go over until the regular session next January because the primary law could not become effective anyway until 1912.

Governor Shafroth can choose one of three courses. He can sign the registration bill, thereby proving his ownership by the Speer gang, and opening up the probability of outrageous frauds. Second, he can withhold his signature, thereby preventing the law becoming effective until after thirty days. Third, he can veto the bill thus absolutely killing it. If he adopts this course it will be the best evidence he has yet given that the term "Honest John," as applied to him, is not a mere joke.

What will the Governor do?

TUBERCLE BACILLI IN DUST.

From the Medical Record.

In order to show that spitting on the sidewalk is dangerous to health, an investigation has been made by Dr. John Robertson, medical health officer of Birmingham, England, which shows that seven per cent of the "spits" collected in public places contained tubercle bacilli. On the other hand, the dust collected from the floors of the cottages of the Adirondack Cottage Sanatorium has been found to be free from tuberculosis germs, proving that a careful consumptive is not dangerous.

ISSUE AT WEST POINT.

From Harper's Weekly.

One of the uncomfortable things in army life is to be under orders of a superior officer who is for one reason or another not agreeable to serve under. There are bound to be many such officers, men of inferior talent or competence, or objectionable manners, or lacking in grace, tact, fairness or consideration, and yet of sufficient ability and good enough deportment to hold their rank. To learn to serve faithfully under such officers is one of the necessary accomplishments of a soldier, and it should be learned along with other soldierly duties at West Point. So whether the dissatisfaction of the cadets with one of the officers at the Military academy is well founded or not makes no great difference. If they don't like the man, for good reasons, they should still learn to control their sentiments and accept him as a superior officer. That is one of the lessons they are at West Point to learn.

DON'T STEAL ANOTHER'S TIME.

From the Philadelphia Press.

Don't steal another's time. You do that every time you are late to an engagement, and what is worse, you do it by failing to keep the truth. Punctuality is a form of truthfulness.

Like most business virtues, punctuality rests on the virtue of truth. Business is truth. Truth is business. No business succeeds without truth in the long run, and punctuality is a business virtue because business turns and rests on keeping engagements, obligations and promises. A great merchant—one of the very greatest trade has known—said once that his great difficulty and trouble was not in the work he had to do or the risks he had to run, but in finding "7.55 men." As his store opens at 8 a. m., it is plain enough what he meant. "The world is full of 8.05 men," he wearily added. "The world is full and so are the halls of failure and the whirlpool of disaster of men who are five minutes late, when they ought to be five minutes early. Such men rob themselves and the other man. They waste what never returns. They burn what no man can grow again.

The Daily Chit-Chat

The superintendent of schools in one of our large cities won considerable notoriety recently by deciding that henceforth the boys to a certain extent should share the girls sewing and cooking lessons.

Seems to me that notoriety ought to be fame.

For if his innovation becomes a permanent custom as I hope it does it will probably mean the vanishing of that absurd, helpless type of man who can scarcely get himself a glass of milk and a cracker in his own home, and who under no pressure of circumstances, would be able to make himself a cup of tea.

And I surely think that disappearance would be a blessing to humanity.

"Oh but I just hate a fussy man that thinks he knows all about your work, and is forever prowling around the kitchen," objected a lady to whom I was expressing my delight at this innovation.

So do I.

But I think it is a far cry from him to the man who doesn't know how to boil water, and I don't see why there isn't a happy medium.

I would be the last person to want to see a busy man regularly helping with the housework in his leisure hours. I think it is rank injustice to expect that. But I do think a little understanding of the work of home-making, on the man's part, would make family life pleasanter, both by making the man capable of looking out for himself a bit when occasion demanded, and by giving him more respect for that share of the burden which his better half carries.

I think it would be a good idea if the superintendent's innovation could be carried from the school into the home, and boys, as well as girls, expected to take a hand in helping mother about the house.

A woman who evidently believes as I do on this subject, wrote me the other day to tell me how much help her four boys are to her.

"I am a mother of four boys and one little girl," she writes. "We live on a farm and as my husband has a man to help him, there is more work for the children inside the house than outside, so I have trained my boys to help me.

"Our eldest child, a boy of fourteen, can prepare breakfast when occasion demands as well as most girls of his age. The next, a boy of ten years, can wash dishes and sweep nicely and help care for the younger children.

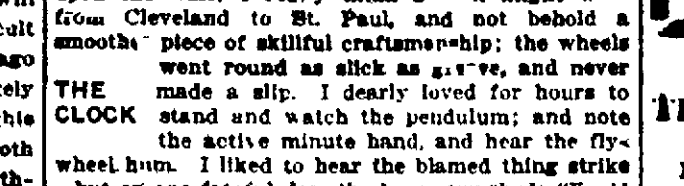

"Our little six-year-old boy has made several nice gingerbreads when mama was very busy. He measured everything very carefully, too.

"By having them all help, the work is divided so that no one has an irksome amount and I am given some leisure to be a companion to my boys, as well as the housekeeper.

"Do you think such work will make my boys unmanly?"

Most certainly not, madame.

On the contrary, I think helping their mother will make them more considerate and more truly manly men, and I wish more boys had a similar training.

I liked to watch the good old clock that hung upon the wall; I really think a man might walk from Cleveland to St. Paul, and not behold a smoother piece of skillful craftsmanship; the wheels went round as slick as grease, and never made a slip. I dearly loved for hours to stand and watch the pendulum; and note the active minute hand, and hear the flywheel hum. I liked to hear the blamed thing strike—but on one fateful day, the boss remarked: "You'd better hike you are not worth your hay. You're paid to help to sell my stock, and do some other chores, but all the day you watch the clock, so chase yourself out doors." And then he pushed me with his feet, and fanned me with a chair, and when I landed in the street my shoes were in the air. O, clocks are fascinating things, and they have lovely works, and pendulums and hands and springs, but they are bad for clerks, who yield to their seductive charm, and watch the hands go round, and listen to the loud alarm, and hear the striker pound.

Mother's Corner

By RUTH P. CHANDLER.

"All that I am, or ever hope to be, I owe to my Mother."

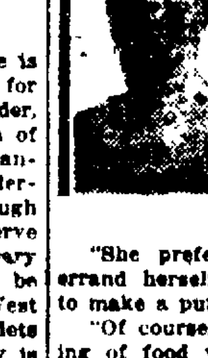

—Abraham Lincoln.

WE GO A-MARKETING.

"I go to market before school hours every day in order to take Mary with me," said my new neighbor to me one day.

"Goodness!" said I, "I do just the other thing. I wait until after Dorothy has gone to school in order to avoid taking her. She asks so many questions, and talks so incessantly that I am sure I would buy things unwisely."

"What about the time when she will become a woman—perhaps a wife and mother—the time when she will be expected to know values in food products; the time when she will have to buy for her own home, and manage her own household economics?

The question was somewhat of a shock to my complacency. I had to admit that I had not thought of the matter from this viewpoint, and yet here I was priding myself that I was training my little daughter to become an efficient home-maker?

"There is an experience in my own life that will explain my angle," my neighbor went on earnestly.

"When I was a child my mother must have thought of the matter as you have expressed it. I was 'in the way' whenever she took me with her to the store.

"She preferred to stop her work and do an errand herself at any time rather than trust me to make a purchase.

"Of course, as the years went by, I knew nothing of food values. It came to a point where I would have shrunk from making a purchase for the table.

"After my mariage I had it all to learn. The experience was bitter, accompanied by much waste of time and money, and even then I was nervous and unhappy, lacking in poise and self-reliance. My ignorance cost me so much that I am determined my own little Mary shall not grow up as I did, lacking in herself and fearful of responsibility."

"And so," said I to myself when I was again in my own house, "I have been too selfish to teach my little girl the essential lessons of life."

As shocking as the thought was to me when thus put into words, it was the simple truth.

The next morning I surprised and delighted a certain little girl I know by saying

"Dorothy, you have always wanted to go to market with mother. I just believe I will leave the breakfast dishes until you have gone to school and do my buying now so that you can go with me.

She was a merry little companion, asking questions as fast as her active brain could conceive them. I called her attention to the attractive coloring of the fresh spring vegetables, the growing reds of the young radishes, of beets and tomatoes, the deep yellow of carrots, and the clear whites of the spring onions against a background of the green things.

On this first morning Dorothy learned the three kinds of lettuce, how to tell when the leaves in the center of a head lettuce are tender and crisp, the comparative values of the several kinds. She learned that the white asparagus spear lacks the fine flavor of the green variety and that beans must be free from strings, crisp and tender in order to be satisfactory, that old spinach going to seed is a waste, as there are few leaves that can be used, it being mostly stalk and seed.

This was a year ago. With very few exceptions my little girl has accompanied me to market every day. She now knows all about the fresh vegetables and how to buy them with the least possible waste. She knows values in meats as well. I would not be afraid to trust her to make wise selections without my assistance for any [illegible]

And all through this [illegible] I have [illegible] ful to the [illegible] longer m[illegible] neighbor [illegible] very dear friend.

Henpeckke—Well, not always. I met my wife in a poker game.

PRACTICALLY CERTAIN THAT MADDEN WILL HEAD CLERKS

The receipt of a letter from J. M. Wood of Denver, chairman pro tem of the executive committee, saying that M. I. Madden of this city is expected to be present as presiding officer of the next meeting of the Rocky Mountain Hotel Clerks association, November 2, makes it appear certain that the local man, clerk at the Alamo hotel will succeed H. H. Brown, resigned, of Denver, as president of that organization. There has been no definite announcement of Mr. Madden's elevation from the vice presidency, but it is understood that he will formally succeed to the office at the coming meeting.

The resignation of Mr. Brown and the probable elevation of Mr. Madden will result in several changes in the personnel of officers, and may necessitate another election.

SURELY BREAKS UP A BAD COLD

The Most Severe Cold and Grippe Misery Will Be Relieved in Just a Few Hours.

It is a positive fact that a dose of Papes Cold Compound taken every two hours until three consecutive doses are taken will cure Grippe or break up the most severe cold, either in the head, chest, back, stomach or limbs.

You distinctly feel the cold breaking and all the disagreeable grippe symptoms leaving after the very first dose. It promptly ends the most miserable headache, neuralgia pains, dullness, head and nose stuffed up, feverishness sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine, made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

STAFFORDS GET LEASE FROM UNITED G. M. CO.

Well-Known Operators Will Work Deadwood No. 2 for 18 Month Term.

Special to the Gazette.

CRIPPLE CREEK, Colo., Oct. 20.—Another important lease for the United Gold Mines company has issued to the Stafford brothers of this district, well-known and fortunate lease operators, who for the past three years have been operating the Midway mine, on Bull hill. The Stafford brothers will now operate the Deadwood No. 2, under an 18 months' lease, on a graded scale of royalties, and liberal terms. The property adjoining the Findley and Vindicator estates to the south and east, and the Acacia, Free Coinage and Isabella companies' estates to the north and west. The shaft on the Deadwood No. 2 has been sunk to a depth of 850 feet, and the mine has produced in excess of $250,000.

E. Porter Gold King Shipment.

Hartman and company, operating a lease on E. Porter Gold King ground, through the International shaft, billed out a two-car shipment today, mined from the east vein at a depth of about 36 feet from surface. The ore body is from four to six feet wide, and at the junction with an unknown flat recently exposed, the lessees are mining a better than average grade of ore. Today's consignment is estimated at an average of $30 to the ton.

Nightingale Lessees In Ore.

Frank Seeley of Victor, operating the Nightingale mine of the Stratton estate, through the Favorite shaft, is drifting and stoping on a cross vein, first exposed on the American Eagles adjoining, and today loaded out a two-car shipment of from two to four-ounce ore. The screenings shipped were of the higher value.

Dante Lessees Developing.

With the exception of Dyer and company, lessees on the Dante No. 2 and No. 1 shafts are engaged in development work, and the production from the property for October will therefore be light. Dyer and his partners have already billed out seven cars of 30 tons of about one-ounce grade, and have not less than two cars broken. The company is still prosecuting its search for ore at the bottom level of the No. 1 shaft.

Snow Makes Roads Heavy.

Ore teams were doubled up this morning. The snow melted rapidly under the warm sun, and the roads soon became heavy, and in places impassable for single teams. The snow, however, is melting fast and the water will run off on the frozen roads.

School Section Production.

The School Section, on Bull hill, No. 16, will show increased production over September. The School Section Leasing company is shipping out better than 30 tons daily—three cars every two days—and while the gold content will not exceed one ounce to the ton, the leasing company will show a balance on the right side of the ledger for the month.

STEEL AT HIGHEST FIGURE SINCE JUNE

NEW YORK, Oct. 20.—Dealings on the renewed upturn in prices today were congested even more than usual in United States Steel. The action of that stock begot the suspicion that the new movement represented a change in the auspices under which the market operations were conducted.

The rise in United States Steel placed it well above the previous level touched on the present movement, and, in fact, above any price touched since June. Then it reached 79⅛, but fell precipitately to the lowest of the year, 61⅛, less than a month later. The potent factors in the immediate movement which carried steel today to 79 undoubtedly were the crop conditions, disclosed by the October government report and the report referred to by the Iron Age today that prominent influences have advised steel manufacturers that a much more liberal policy in placing orders for equipment is to be expected after the election next month.

The five per cent discount rate established by the Bank of England today may cause easier financial conditions. The conviction is general that the stock market advance this month in New York has been financed by borrowings from the London money market. The conviction is equally clear that the new step taken by the Bank of England is designed to check these borrowings and to conserve London money supplies for intended capital flotations in the market and for active trade needs in Great Britain. International exchanges all turned in favor of London in response to the action of the Bank of England. The private discount rate rose in Berlin. The call money market in New York was unaffected. Pronounced dullness in the discounting of commercial paper is a feature of the money market.

Bonds were irregular. Total sales, par value, $2,918,000.

United States bonds were unchanged on call.

EXPORT SHIPMENTS BULLISH INFLUENCE

CHICAGO, Oct. 20—Anxiety of export concerns to get as much grain to tidewater as possible before an advance in rail rates November 1 was instrumental today in hoisting the price of wheat. Another cause was renewal of assertions that rain came too late in northwestern Argentine and that the crop damage there is irreparable. The close was strong at a net advance of ¾c to 1⅛c. A gain of ⅛c to ⅝c over last night was scored by corn, and ⅜@½c to ⅛@¼c by oats. Provisions made a ragged finish, a dime to a quarter of a dollar decline.

In the wheat pit selling was overdone early and an elevator concern picked up the bulk of the offerings at the ensuing decline. Continued buying of the same kind started a train of purchases by shorts and the movement seemed to gather force with each advance. Primary receipts were reported as only a little more than half those of a year ago.

What bearish news there was came in the first half hour of trading and consisted chiefly of indications of large world shipments. The rise after that time was practically constant. December ranged from 93¼c to 94⅝c and closed 1c up at 94⅛c.

There was a little business done here in new corn for export. December fluctuated between 46⅝@47⅛c, closing at 47⅛c, a rise of ⅛c over last night. Cash corn was firm No. 1 yellow finished at 49½@50c.

In oats shorts kept values on an astounding scale. December sold from 30⅛c to 31⅜c, and in the final transactions was at 31⅛@¼c, a net advance of ⅛@⅜c.

Congestion in October lard made foreign shorts buy in lively fashion. In the end, pork was unchanged to 10c up, lard 5c higher to 2½@7½c down, and ribs a shade higher to 25c decline.

LEGAL NOTICES

CONSTITUTIONAL AMENDMENT.

Notice is hereby given, that at the General Election to be held on the eighth day of November, A. D. 1910, there will be submitted to the qualified electors of the State of Colorado the question of amending the Constitution of said State.

The authority for submitting such question is found in House Bill No. 6 of the Extraordinary Session of the Seventeenth General Assembly, which is, in words and figures, following, viz.:

AN ACT
TO SUBMIT TO THE QUALIFIED VOTERS OF THE STATE OF COLORADO AN AMENDMENT TO SECTION 1 OF ARTICLE V OF THE CONSTITUTION OF THE STATE OF COLORADO, PROVIDING FOR THE INITIATIVE AND REFERENDUM.

Be it Enacted by the General Assembly of the State of Colorado:

Section 1. There shall be submitted to the qualified electors of the State of Colorado, at the next general election for members of the General Assembly for their approval or rejection the following constitutional amendment, which, when ratified by a majority of those voting thereon, shall be valid as part of the Constitution.

Section 2. That Section 1 of Article V of the Constitution of the State of Colorado be so amended as to read as follows:

Section 1. The legislative power of the State shall be vested in the General Assembly consisting of a Senate and House of Representatives, both to be elected by the people, but the people reserve to themselves the power to propose laws and amendments to the Constitution and to enact or reject the same at the polls independent of the General Assembly, and also reserve power at their own option to approve or reject at the polls any act, item, section or part of any act of the General Assembly.

The first power hereby reserved by the people is the INITIATIVE, and at least eight per cent. of the legal voters shall be required to propose any measure by petition, and every such petition shall include the full text of the measure so proposed. Initiative petitions for State legislation and amendments to the Constitution, shall be addressed to and filed with the Secretary of State at least four months before the election at which they are to be voted upon.

The second power hereby reserved is the REFERENDUM, and it may be ordered, except as to laws necessary for the immediate preservation of the public peace, health or safety, and appropriations for the support and maintenance of the department of state and state institutions, against any act, section or part of any act of the General Assembly, either by a petition signed by five per cent. of the legal voters or by the General Assembly. Referendum petitions shall be addressed to and filed with the Secretary of State not more than ninety days after the final adjournment of the session of the General Assembly, that passed the bill on which the referendum is demanded. The filing of a referendum petition against any item, section or part of any act, shall not delay the remainder of the act from becoming operative. The veto power of the Governor shall not extend to measures initiated by, or referred to the people. All elections on measures referred to the people of the State shall be held at the biennial regular general election, and all such measures shall become the law or a part of the Constitution, when approved by a majority of the votes cast thereon, and not otherwise, and shall take effect from and after the date of the official declaration of the vote thereon by proclamation of the Governor, but not later than thirty days after the vote has been canvassed. This section shall not be construed to deprive the General Assembly of the right to enact any measure. The whole number of votes cast for Secretary of State at the regular general election last preceding the filing of any petition for the initiative or referendum shall be the basis on which the number of legal voters necessary to sign such petition shall be counted.

The Secretary of State shall submit all measures initiated by or referred to the people for adoption or rejection at the polls, in compliance herewith. The petition shall consist of sheets having such general form printed or written at the top thereof as shall be designated or prescribed by the Secretary of State; such petition shall be signed by qualified electors in their own proper persons only, to which shall be attached the residence address of such person and the date of signing the same. To each of such petitions, which may consist of one or more sheets, shall be attached an affidavit of some qualified elector, that each signature thereon is the signature of the person whose name it purports to be, and that to the best of the knowledge and belief of the affiant, each of the persons signing said petition was at the time of signing, a qualified elector. Such petition so verified shall be prima facie evidence that the signatures thereon are genuine and true and that the persons signing the same are qualified electors. The text of all measures to be submitted shall be published as constitutional amendments are published, and in submitting the same and in all matters pertaining to the form of all petitions the Secretary of State and all other officers shall be guided by the general laws, and the act submitting this amendment, until legislation shall be especially provided therefor.

The style of all laws adopted by the people through the initiative shall be, "Be it Enacted by the People of the State of Colorado."

The initiative and referendum powers reserved to the people by this section are hereby further reserved to the legal voters of every city, town and municipality as to all local special and municipal legislation of every character in, or for their respective municipalities. The manner of exercising said powers shall be prescribed by general laws, except that cities, towns and municipalities may provide for the manner of exercising the initiative and referendum powers as to their municipal legislation. Not more than ten per cent. of the legal voters may be required to order the referendum, nor more than fifteen per cent. to propose any measure by the initiative in any city, town or municipality.

This section of the Constitution shall be in all respects self-executing.

Section 3. Each elector voting at said election and desirous of voting for or against this amendment shall deposit in the ballot box a ticket whereon shall be printed or written the words, "For the amendment to Section one of Article V of the Constitution providing for the initiative and referendum," and "Against the amendment to Section one, of Article V of the Constitution providing for the initiative and referendum," and shall indicate his or her approval or rejection of the proposition by placing a cross (X) after one of such sentences. The vote cast for the adoption or rejection of said amendment shall be canvassed and the result determined in the manner provided by the laws of the State of Colorado for the canvass of votes for Representative in Congress.

Section 4. In the opinion of the General Assembly an emergency exists, therefore, this act shall take effect on and after its passage.

APPROVED, September 2nd, 1910.

In Testimony Whereof, I have hereunto set my hand and affixed the great seal of the State of Colorado at the City of Denver, this 29th day of September, A. D. 1910.

JAMES B. PEARCE,
(SEAL) Secretary of State.

CONSTITUTIONAL AMENDMENT.

Notice is hereby given, that at the General Election to be held on the eighth day of November, A. D. 1910, there will be submitted to the qualified electors of the State of Colorado the question of amending the Constitution of said State.

The authority for submitting such question is found in House Bill No. 308 of the Seventeenth General Assembly, which is, in words and figures, following, viz.:

AN ACT
TO SUBMIT TO THE QUALIFIED ELECTORS OF THE STATE OF COLORADO AN AMENDMENT TO SECTION 9 OF ARTICLE IX OF ARTICLE IX OF THE CONSTITUTION OF COLORADO.

Be it Enacted by the General Assembly of the State of Colorado:

Section 1. There shall be submitted to the qualified electors of the State of Colorado at the next general election for members of the General Assembly for their approval or rejection the following amendment to the Constitution of the State of Colorado, which, when ratified by a majority of those voting thereon, shall be valid as a part of the Constitution.

Section 2. Section 9 of Article IX of the Constitution of the State of Colorado shall be amended so as to read as follows:

Section 9. The State board of land commissioners shall be composed of three (3) persons to be appointed by the Governor, with the consent of the Senate, who shall have the direction, control and disposition of the public lands of the State under such regulations as are and may be prescribed by law, one of which persons shall at the time of his appointment be designated as president of the board and whose office shall expire on the second Tuesday of January, 1917, one of which persons shall at the time of his appointment be designated as register of the board and whose term of office shall expire on the second Tuesday of January, 1915, and the third member of said board shall at the time of his appointment be designated as the engineer of the board and shall always be professionally a civil engineer, who, for at least five (5) years, has been actively engaged in the practice of his profession and whose term of office shall expire on the second Tuesday of January, 1913; and the successor and successors of the first members of the board shall each be appointed for the terms of six (6) years.

On the adoption of this amendment by the electors of this State, it shall not go into full force and effect until the second Tuesday of January, 1911.

The members of the board shall each receive a salary of three thousand dollars ($3,000) per annum until otherwise provided by law; but the salary of each member of this board is to be paid out of the income of the said State board of land commissioners.

Section 3. Each elector voting at such election and desirous of voting for or against said amendment shall deposit in the ballot box his ticket whereon shall be printed the words, "For the amendment concerning the State board of land commissioners," and "Against the amendment concerning the State board of land commissioners," and shall indicate his choice by placing a cross opposite one or the other of said group of words; Provided, however, That when voting machines are used suitable provision shall be made to afford every elector an opportunity to vote for or against such amendment.

Section 4. The votes cast for the adoption or rejection of said amendment shall be canvassed and the result determined by the laws of the State for the canvass of votes for Representatives to Congress.

APPROVED, April 22nd, 1909.

In Testimony whereof, I have hereunto set my hand and affixed the great seal of the State of Colorado, at the City of Denver, this 29th day of September, A. D. 1910.

JAMES B. PEARCE,
(SEAL) Secretary of State.

CONSTITUTIONAL AMENDMENT.

Notice is hereby given, that at the General Election to be held on the eighth day of November, A. D. 1910, there will be submitted to the qualified electors of the State of Colorado the question of amending the Constitution of said State.

The authority for submitting such question is found in House Bill No 50 of the Seventeenth General Assembly, which is, to words and figures, following, viz.

AN ACT
TO SUBMIT TO THE QUALIFIED ELECTORS OF THE STATE OF COLORADO, AN AMENDMENT TO SECTION FIVE (5), ARTICLE EIGHT (VIII), OF THE CONSTITUTION OF THE STATE OF COLORADO

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF COLORADO:

Section 1. There shall be submitted to the qualified electors of the State of Colorado, at the next general election for members of the General Assembly, for their approval or rejection, the following amendment to the Constitution of the State of Colorado, which, when ratified by a majority of those voting thereon, shall be valid as a part of the Constitution of the State of Colorado, that is to say: Section five (5) of Article eight (VIII) of the Constitution of the State of Colorado shall be so amended as to read as follows:

Section 5 The following educational institutions, to-wit: The University at Boulder, the Agricultural College at Fort Collins, the School of Mines at Golden, and the Institute for the Education of Mutes, (which shall hereafter be known as Colorado School for Deaf and Blind) at Colorado Springs, are hereby declared to be institutions of the State of Colorado, and the management thereof subject to the control of the State under the provisions of the Constitution, and such laws and regulations as the General Assembly may provide, and the location of said institutions, as well as all gifts, grants and appropriations of money and property, real and personal, heretofore made to said several institutions, are hereby confirmed to the use and benefit of the same respectively; Provided, This section shall not apply to any institution, the property, real or personal, of which is now vested in the trustees thereof, until such property be transferred by proper conveyance, together with the control thereof, to the officers provided for the management of said institution by this Constitution or by law; and, Provided further, That the regents of the University may, whenever in their judgment the needs of the institution demand such action establish maintain and conduct all but the first two years of the departments of medicine, dentistry and pharmacy, of the University, at Denver; and, Provided further, That nothing in this section shall be construed to prevent State educational institutions from giving temporary lecture courses, commonly called "University extension work," and "Farmers Institute and Short Courses," in any part of the State or conducting class excursions for the purpose of investigation and study.

Section 2. Each elector voting at said election, and desirous of voting for or against said amendment, shall deposit in the ballot box his ticket, whereon shall be printed the words, "For the Educational Amendment, amending section five (5) of article eight (VII) of the Constitution," and "Against the Educational Amendment, amending section five (5) of article eight (VIII) of the Constitution," and shall indicate his choice by placing a cross (X) opposite one or the other of said groups of words.

Section 3. The votes cast for or against the adoption of said amendment shall be canvassed and the result determined in the manner prescribed by law for the canvass of votes for Representatives in Congress.

APPROVED, March 22, 1909.

In Testimony whereof, I have hereunto set my hand and affixed the great seal of the State of Colorado, at the City of Denver, this 29th day of September, A. D. 1910.

JAMES B PEARCE,
(SEAL) Secretary of State

CONSTITUTIONAL AMENDMENT

Notice is hereby given, that at the General Election to be held on the eighth day of November, A. D. 1910, there will be submitted to the qualified electors of the State of Colorado the question of amending the Constitution of said State

The authority for submitting such question is found in Senate Bill No. 238 of the Seventeenth General Assembly, which is, in words and figures, following, viz.

AN ACT
TO SUBMIT TO THE QUALIFIED ELECTORS OF THE STATE OF COLORADO AN AMENDMENT TO SECTION SIX (6), ARTICLE V OF THE CONSTITUTION OF THE STATE OF COLORADO, CONCERNING COMPENSATION OF MEMBERS OF THE GENERAL ASSEMBLY

Be it Enacted by the General Assembly of the State of Colorado:

Section 1. There shall be submitted to the qualified electors of the State of Colorado at the next general election for members of the General Assembly, for their approval or rejection, the following amendment to the Constitution of the State of Colorado, which, when ratified by a majority of those voting theron, shall be valid as a part of the Constitution

Section 2. Section six (6) of article five (V) of the Constitution of the State of Colorado shall be amended so as to read as follows:

Section 6 Each member of the General Assembly, until otherwise provided by law, shall receive as compensation for his services the sum of one thousand ($1,000) dollars for each biennial period, payable at the rate of $7.00 per day during both the regular and special sessions, the remainder, if any, payable on the first day of the last month of each biennial period; together with all actual and necessary traveling expenses to be paid after the same have been incurred and audited, and the said members of the General Assembly shall receive no other compensation, perquisite or allowance whatever. No General Assembly shall fix its own compensation.

Section 3. Each elector voting at such election and desirous of voting for or against said amendment shall deposit in the ballot box his ticket whereon shall be printed the words "For the amendment concerning compensation of members of the General Assembly," and "Against the amendment concerning compensation of members of the General Assembly," and shall indicate his choice by placing a cross opposite one or the other of said groups of words

Section 4 The votes cast for the adop-

mined by the laws of the State for the tion or rejection of said amendment shall be canvassed and the result be determined by the laws of the State for the canvass of votes for Representatives in Congress

APPROVED, April 23rd, 1909.

In Testimony whereof, I have hereunto set my hand and affixed the great seal of the State of Colorado, at the City of Denver, this 29th day of September, A. D. 1910.

JAMES B. PEARCE,
(SEAL) Secretary of State.

CONSTITUTIONAL AMENDMENT.

Notice is hereby given, that at the General Election to be held on the eighth day of November, A. D. 1910, there will be submitted to the qualified electors of the State of Colorado the question of amending the Constitution of said State.

The authority for submitting such question is found in Senate Bill No. 34 of the Seventeenth General Assembly, which is, in words and figures, following, viz.:

AN ACT
TO SUBMIT TO THE QUALIFIED ELECTORS OF THE STATE OF COLORADO AN AMENDMENT TO SECTION THREE (3) OF ARTICLE ELEVEN (XI) OF THE CONSTITUTION OF THE STATE OF COLORADO, TO PROVIDE FOR THE CREATION OF A BONDED INDEBTEDNESS ON BEHALF OF THE STATE TO AN AMOUNT NOT EXCEEDING TWO MILLION, ONE HUNDRED AND FIFTEEN THOUSAND DOLLARS, FOR THE PURPOSE OF FUNDING OUTSTANDING WARRANTS OF THE STATE, AND TO PROVIDE FOR THE ISSUE AND PAYMENT OF SAID BONDS.

Be it Enacted by the General Assembly of the State of Colorado.

Section 1. WHEREAS, It appears from the register of warrants in the office of the state auditor and of the state treasurer that warrants of the State of Colorado were duly issued during and prior to the year 1897 for the aggregate sum of Eight Hundred and Seventy-three Thousand and Seventy-one Dollars and Eighty-four cents ($873,071.84), and are still outstanding and unpaid, as follows:

Warrants for the year 1887 and prior	$130,770.77
Warrants for the year 1888	277,553.65
Warrants for the year 1889	418,227.54
Warrants for the year 1892	5,767.30
Warrants for the year 1893	3,932.33
Warrants for the year 1894	32,316.13
Warrants for the year 1897	2,485.96
Total	$873,071.84

All of which warrants were duly presented for payment, and bear interest at the rate of six per cent. per annum, amounting approximately, principal and interest, on November 30th, 1910 to the sum of $2,114,762.96

And, Whereas, the major portion of the above indebtedness is held in the state school fund as an investment, which, under the constitution of the state, must forever remain inviolate and intact, any loss thereof to be supplied by the state:

And, Whereas, it further appears that all of said warrants were issued in payment of the ordinary expenses of the legislative, executive and judicial departments of the state government including the per diem and mileage of the members of the general assembly, the per diem of the legislative clerks and employes, the salaries of the governors, attorney generals, secretaries of state, superintendents of public instruction, state auditors, treasurers of state, and other elective and appointive executive officers and employes, judges of the supreme, district and criminal courts, and district attorneys; the legislative executive and judicial incidental and contingent expenses; and expenses incurred for the erection of buildings, and the maintenance of the state penitentiary, insane asylum, industrial school, reformatory, agricultural college and soldiers' and sailors home; and,

Whereas, no moneys are now in the hands of the state treasurer, of the revenues of the fiscal years aforesaid, wherewith to pay said warrants, or any of them; and all the said indebtedness should be funded at a lower rate of interest; therefore

Section 2 There shall be submitted to the qualified electors of the state of Colorado, at the next general election of members of the General Assembly, for their approval or rejection, the following amendment to the Constitution of the State of Colorado, which, when ratified by a majority of those voting thereon shall be valid as a part of the Constitution, to-wit:

Section Three (3) of Article Eleven (XI) of the Constitution of the State of Colorado shall be amended so as to read as follows:

"Section 3. The state shall not contract any debt by loan in any form, except to provide for casual deficiencies of revenue, erect public buildings for the use of the state, suppress insurrection, defend the state, or, in time of war, assist in defending the United States; and the amount of the debt contracted in any one year to provide for deficiencies of revenue, shall not exceed one fourth of a mill on each dollar of valuation of taxable property within the state, and the aggregate amount of such debt shall not at any time exceed three fourths of a mill on each dollar of said valuation, until the valuation shall equal one hundred millions of dollars, and thereafter such debt shall not exceed one hundred thousand dollars, and the debt incurred in any one year for erection of public buildings shall not exceed one half mill on each dollar of said valuation, and the aggregate amount of such debt shall never at any time exceed the sum of fifty thousand dollars (except as provided in section five of this article), and in all cases the valuation in this section mentioned shall be that of the assessment last preceding the creation of said debt;

"Provided that in addition to the amount of debt that may be incurred, as above, the state may contract a debt by loan for the purpose of paying the principal and accrued interest of all the outstanding warrants issued by this state during and for the years, 1887, 1888, 1889, 1892, 1893, 1894 and 1897; said debt to be evidenced by registered coupon interest bearing funding bonds to an amount not exceeding $2,115,000.00, or so much thereof as may be necessary to pay said warrants and interest thereon.

"Said funding bonds shall be dated December 1st, 1910, shall be payable at the option of the State of Colorado at any time after ten years from their date, shall be absolutely due and payable fifty (50) years after their date, and shall be of the denomination of one hundred dollars ($100.00) each, or any multiple thereof. The interest on said bonds shall be payable semi annually at the rate of three per cent, per annum at the office of the state treasurer, or at some place in the City of New York, U. S. A., and the principal of said bonds shall be payable at the office of the state treasurer.

"No such bonds shall be issued except at par and accrued interest, and upon the contemporaneous surrender and cancellation of a like amount of principal and interest of said warrants.

"Said bonds to an amount equaling the principal of said warrants now held by the public school fund shall be registered by the state auditor and state treasurer in the name and for the benefit of and payable only to the said fund, and shall not be transferable.

"And all such bonds to an amount equaling the interest on said warrants now held in the school found shall be sold by the state treasurer at not less than par and accrued interest, and the proceeds thereof paid into the school fund, and distributed to the several counties and school districts of the state for school purposes, in the proportions and in the manner required by law."

Section 3. Each elector voting at said election, and desirous of voting for or against said amendment, shall deposit in the ballot box a ticket whereon shall be printed or written the words: "For the amendment to Section 3 of Article XI of the Constitution, Funding the State Indebtedness," and the words: "Against the amendment to Section 3 of Article XI of the Constitution, Funding the State Indebtedness," and shall indicate his approval or disapproval by placing a cross (X) opposite one or the other of said groups of words on his ballot

The votes cast for the adoption or rejection of said amendment shall be canvassed, and the result determined, in the manner prescribed by the laws of the state for the canvass of votes for representatives in congress

Section 4 Immediately upon ascertaining that said amendment to the Constitution has been adopted by the people of the state, the governor, state auditor, state treasurer, attorney general and secretary of state shall meet together at the office of the state treasurer, and organize as a debt funding board, by electing one of its members president and another secretary of said board. Each member of said board, and any of their successors in office shall take and subscribe an oath of office and file the same with the secretary of state in the usual form required of state officers, for the faithful discharge of the duties required by this act. Said board is hereby authorized and empowered to subpoena witnesses send for persons and papers, administer oaths, and perform other acts necessary to the speedy and proper discharge of its duties. The treasurer and auditor shall furnish the necessary clerical help required by the board.

Said board shall consider and determine the amount which should fairly and equitably be paid upon each of said warrants, and is an honest obligation of the state and shall thereupon make and file a full and complete statement of its findings and determination with the auditor of the state, and the decision of a majority of said board with respect thereto shall be final.

Section 5 After said board has filed its report with the auditor of state, the governor, the treasurer and the secretary of state are hereby authorized to issue the bonds of the State of Colorado in accordance with the Constitution as amended in a sum not exceeding two million, one hundred and fifteen thousand dollars ($2,115,000.00) and to exchange said bonds, or so many thereof as may be necessary, at par and accrued interest for said warrants of the State of Colorado, issued in and for the years 1887, 1888, 1889, 1892, 1893, 1894 and 1897, at par and the interest accrued thereon upon surrender of an equal amount of said warrants for cancellation. The holders of any said warrants may pay into the State treasury any difference less than $100.00 each, necessary to pay for the bonds so delivered to them respectively.

Said bonds shall be dated December 1st, 1910, shall be due and payable in fifty years, with the option of redemption at par and accrued interest in the order of their number at any time after ten years from their date at the office of the state treasurer of the State of Colorado, and shall bear interest at the rate of three per cent. per annum, payable semi-annually at the office of the state treasurer in the City of Denver, Colorado, or in the City of New York. Said bonds shall be numbered consecutively beginning at number one, and shall be registered in the office of the auditor of state, and his certificate of such registration, attested by the seal of his office affixed to each bond, shall be evidence of their legal issue.

Section 6. The bonds issued under this act shall be known as "Funding Bonds, Series of 1910" and shall be signed by the governor, countersigned by the state treasurer, and attested by the secretary of state, who shall affix the great seal of the state to each bond. Such bonds shall be numbered and registered in a book kept for that purpose by the state auditor and state treasurer, in the order in which they are issued. Each bond shall be payable to the bearer, and shall state upon its face the amount for which it is issued, the date of its issuance, and the title of this act, together with the section and article of the constitution authorizing the issuance of said bonds, and the title and text of this act shall be printed on the reverse side of each of said bonds. Only such amount and number of said bonds, shall be issued as may be necessary to take up or pay the outstanding warrants of the state hereinabove mentioned

Section 7 Whenever the bonds provided in this act are issued, it shall be the duty of the state board of equalization to levy and assess a special tax on all taxable property in this state, sufficient in amount to meet the semi-annual interest accruing on said bonds, which tax when collected shall be paid into the state treasury to the credit of the interest fund of said bonds known as "Funding Bonds, Series of 1910;" and for the ultimate redemption of said bonds there shall be levied annually for forty years, after ten years from the date of their issuance such a tax upon all the taxable property in the state as shall create an annual fund equal to two and one-half per cent (2½ per cent) of the whole amount of the bonds issued, which fund shall be called "Funding Bonds, Series of 1910, Sinking Fund."

All taxes for interest upon and for the redemption of said bonds shall be levied and collected as other state taxes, and shall be paid into the state treasury in cash only. The proceeds thereof shall be kept by the state treasurer as a distinct fund under the proper heads, to be issued in payment of the interest on and for the redemption of said bonds, or for their purchase as hereinafter provided, and for no other purpose whatever; Provided, that whenever any surplus remains to the credit of said interest fund after the full payment of the interest maturing in any year the state treasurer shall cause such surplus to be transferred to the credit of the "Funding Bonds, Series of 1910, Sinking Fund."

All moneys belonging to said sinking fund may be invested by the state treasurer in any of the bonds issued under this act, but not otherwise

Section 8 The treasurer shall include in his biennial report a statement of the interest collected in pursuance of this act, the amount paid and also the amount if any, carried to the sinking fund, and how invested. When any of the said bonds are purchased or redeemed under this act it shall be the duty of the state treasurer to cancel the same so that they can be plainly identified and cause the record of such cancellation to be made in the registry books of both the state treasurer and the state auditor and their shall also be kept on file in the state treasurer's office, and any such purchases and cancellations shall also be made to appear in the biennial statement of the state treasurer.

Section 9 For the payment of coupons representing the first year's interest accrued on the bonds to be issued under this act the state treasurer is hereby authorized and directed to apply any moneys at that time in his hands belonging to the general revenue fund or the funds accruing from interest on bank deposits, and so much money as may be necessary therefor is hereby appropriated out of such funds for the payment of said interest

Section 10 The governor and attorney general are hereby authorized to prescribe the form of the bonds and coupons to be issued under this act, subject to the provisions of this act, and all such bonds so acquired for and retained in the school fund, shall have the words "Not transferable" plainly stamped across the face of said bonds

APPROVED, April 23, 1909

In testimony whereof, I have hereunto set my hand and affixed the great seal of the State of Colorado, at the City of Denver, this 29th day of September, A. D. 1910

JAMES B PEARCE,
(SEAL) Secretary of State.

PROPOSALS FOR STATE PRINTING

Notice is hereby given that bids will be received at the office of the Commissioner of Public Printing, Capitol Bldg., Denver, Colo., from this date until 12 o'clock noon on Tuesday, Nov 1, 1910, for the state printing known and designated as Class Six, being the commercial printing, including letter heads, envelopes, blanks, etc., for a period extending from said date to Feb. 15, 1911. Magazine Notes

The opening of an important series, "The Masters of Capital in America," by John Moody and George Kibbe Turner, heads the list of articles in the November McClure's. Messrs. Moody's and Turner's first article shows the growth of the house of Morgan and begins the history of the great modern movement of the development of corporations and the concentration of great wealth. Ellen Terry contributes Some Reflections on Shakespeare's Heroines," stories of great actresses she has known. The second installment of "Working Girls' Budgets," by Edith Wyatt and Sue Ainslie Clark, deals with the wages and living expenses of shirt-waist operators in New York. William Archer, who early this spring was sent to Spain by McClure's magazine to investigate the Ferrer case, has written a complete account of the Barcelona riots, the desecration of the convents, etc., and the situation between the government and the church. His article on "Ferrer and the Barcelona Riots" contains all the evidence on the subject that has been unearthed since the execution. Richard Gadke colonel in the Prussian army, contributes an article on "Peace and Disarmament," and Yoshio Markino, the son of a Japanese nobleman, who came to America for an education, has written a unique account of "My Experiences in San Francisco." The fiction includes "Molly," by George Pattullo, "The Governor's Lady," by Avery Abbott, a Giovanna story by Amanda Mathews; "Truth's Advocate," by Julia C. Dox, and Percival Gibbon contributes another "Adventure of Miss Gregory."

The November St. Nicholas is the beginning of the new volume, the thirty-eighth, and of the new magazine year, and it brings—good news for all boys and girls—the first chapters of Ralph Henry Barbour's new serial, "Team-mates," a story of boys and work and play at Oak Park school. Then there is the second paper by "Ted" Coy, captain of the Yale football team of 1909 on "Football Under the New Rules," a discussion of their advantages and disadvantages, and a plea for a fair and square trial of the new rules. All lads will be immensely interested in the diagrams accompanying the article.

Anyone who likes excitement will be more than ordinarily interested in the news that the Ridgway company, the well-known publishers of Everybody's magazine, have issued a new publication which will be entirely devoted to "the most interesting and thrilling adventure stories to be found anywhere."

It's called Adventure, and the first number has just made its appearance. If the contents of this issue can be considered a fair sample of what is to follow, it is safe to assume that the publishers have found what they are looking for—and then some.

Adventure is a big, well-made magazine. It has 192 pages of better paper than is usually found in a purely fiction publication. Three serials and nine or ten exciting stories with appropriate drawings go to make up what most people will consider a very good 15 cents' worth indeed.

"Yellow Men and Gold," "Can a Man Be True?" and "The Crook and the Doctor" can be specially recommended to those who like to have their thrills handed out to them in rapid succession.

He who ... the broadest view. Personalities are forgotten and his thoughts ... not himself but a city—a nation—the human race ... the activities, the discoveries—the creations by persons of this character that are monthly chronicled in the profusely illustrated pages of Popular Mechanics magazine, and the whole forms a remarkable testimonial to the ... spirit ... the germ of civilization. In the November number there are 249 articles and 282 illustrations and nearly every page breathes of ... can ... is built ... a railroad to Hudson bay for the transportation of grain ... territories will thus be ... possible and thousands of families will ... thereby. Madame Curie has ... an advance in her investigation ... ium which is used in the cure of the most malignant diseases known to science; projects are on for the reclamation of the delta lands of the Mississippi which will greatly increase the country's crop production; descriptions of new safety appliances and labor-saving devices abound.

One of the most interesting ... into the wild ... Thompson ... of the old wild west days that attracted him to a country where buffalo may still be found.

Mrs Helen R. Martin contributes the complete novel to the November number of the Smart Set. Mrs. Martin, who is the author of "The Crossways" and "Tillie, a Mennonite Maid," has written for the Smart Set a story of ... Pennsylvania ... the life of the ... stragglers and those married ... takes on a complex and varied phase ... of the situation. This novel, "Half-Gods," is a thoroughly American story, and will add to the author's already great popularity.

Viola Burhans story "A Second Chance" is one of the features of this number. It is full of exquisite character drawing. Mary Glascock's "The Black Beach" is a story with a foot ball motif. R. H. Stevenson's "Back" is a tale of a South African uprising full of vigor and novelty. "All her Table Story" by Helen Talbot Kummer is a tale of mystery and adventure in the South American ... The ... happiness ... charming ... naive manner. "The City Editor" by Newton A. Fuessle, "The Sin of Lum Shee" by Melville Chater, "The Kindly Flame" by Harold Eyre, and "The Hermit of Malea," by Francis Haffkins Snow are all stories of more than usual merit.

To Keep Sponges Sanitary

Most people find sponges hard to keep ... free from slime and for this ... have discarded them entirely. However, it is easy to keep them clean ... if in addition to rinsing in ... water after being used they ... once a week in water to which ... added a teaspoonful of Gold ... washing powder and then rinsed ... several clear warm waters ... cloths should also be boiled in ... suds and thoroughly rinsed ... ironed. Those of thin linen are more desirable than heavy ...

BANQUET AT ST. PAUL'S M. E. CHURCH TONIGHT

A ... given at St. P... ... pected. The purpose of the banquet is especially to get before these church-es the plans, hopes and aspirations of St Paul's church. The banquet is given under the auspices of the Ladies' Aid society of that church.

An interesting program has been arranged and is as follows: "Methodism's Opportunity in Colorado Springs," Dr M. N. Smith; "Methodism's Need in the South End," F. F. Kohler; "What We Propose to Do About It and What It Will Mean to St. Paul's Church," Alfred Clark; ... Rev. W. F. Bennett; "What It Means ... Business ..."; ... About It," Rev. C. M. Cooper; Rev. George H. Stentz, "Can We Do It and How?" open discussion. Special Vocal music, C. J. Carey. The toastmaster will be the Rev. F. R. Hollenbeck, district superintendent.

All men expecting to attend the banquet who have not notified the committee will please do so at once calling on A. A. Purdon at the Davis barber shop, 9 East Kiowa street, or telephone Main 700.

Library Tables of all sizes

THE purchase of a Library Table may in itself be a small matter. When you buy a really good table, however, the kind of table that gives you full value for every dollar you put into it, and you buy with the understanding that it will last a lifetime, then it becomes a matter for more serious consideration.

The four tables shown here are only a small showing of our complete line. They are all made by the Berkey & Gay Furniture Co., of Grand Rapids, Mich., made by hand in their wonderful work shops.

The Berkey & Gay shop mark appears on every piece for your protection and guarantee.

Our show rooms are always open for your inspection.

The time for warm suits, coats and furs is right now the place to buy is here
